*Proceedings of the Madras Government, Revenue Department,  
19th December 1865.*

No. 164. Read the following letter from the Honorary Secretary Farm Committee, to the Secretary to Government, Revenue Department, Fort Saint George, dated Sydapett, 16th December 1865, No. 65 :—

1. I am directed by the President and Members of the Farm Committee to state, for the information of Government, that a number of the valuable agricultural implements procured from England is still lying at Homes' Gardens.

2. There is not proper accommodation for these implements at Homes' Gardens, and from the distance of the place from the Farm steading, the Committee can neither use them, nor exhibit them to the people in actual work, consequently these machines, which have cost a large sum of money, may be said to be useless for the purposes for which they were procured, while at the same time, they are necessarily deteriorating from not being used, and from not being properly protected from rain, &c.

3. Under these circumstances, I am directed to request that the Committee may be authorized on taking over the whole of these implements, ~~and~~ to erect a shed for them. The Committee find that they can construct a suitable building for about 1,000 Rupees (one thousand), and they desire me to request a grant for that amount.

No. 165. ORDER THEREON, 19th December 1865, No. 3,064.

Miscellaneous.

1. The Governor in Council sanctions a grant of Rupees 1,000 for the purposes stated, to be paid out of the

Budget grant for Education, Art and Science.

2. The Committee will take over all the implements in the Collector's charge.
