*Proceedings of the Madras Government, Revenue Department,
14th February 1865.*

No. 273. Read the following Proceedings of the Board of Revenue, dated 2nd February 1865.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Saidapet, 24th January 1865, No. 27:—

SIR,

1. The Deputy Collector in charge of the Salt Department, on the 20th ultimo, addressed to me a letter, requesting to be informed, whether it was intended by Government that out of the new pans at Kattoor a certain number, as originally proposed by him, were to be given in substitution for certain old pans at Athiput, &c., or whether they were to be given to Pattahdars of the village of Kattoor alone. I replied to him that I thought the latter alone was intended by Government, and referred him to the wording of the Government Order of the 5th October 1864, No. 1,831, in which it is stated that "the waste land at Kattoor is to be divided ratably to all Pattahdars of the village who may wish for it."

2. Mr. Smith having again addressed me on the subject, I beg to submit his letter for the Board's orders as, on further consideration, I now think that the matter is open to doubt, and that it may after all be the intention of Government that the pans should be granted, as originally proposed by Mr. Smith, and recommended by Mr. Banbury, not only to the Pattahdars of the village itself, but also to those pan-holders who although residents of other villages were recommended to have pans granted to them at Kattoor, as their old pans at the neighbouring villages had become exhausted and unproductive.

1. Ordered to be submitted for the decision of Government.

2. The distribution approved by the Board in their Proceedings, dated 11th June 1864, No. 3,607, copy of which was recorded in Government Proceedings, dated 13th September 1864, No. 1,689, Revenue Department, provided for the allotment of a certain number of pans to manufacturers in neighbouring villages whose pans had become unfit for use. No objection was raised by the villagers to this part of the proposal, but the parties claiming to be Mirasidars objected to the assignment of any pans to non-Mirasi Puttahdars of the village.

3. In Government Order dated 5th October 1864, No. 1,831, Revenue Department, the Government decided that *all* the Puttahdars in the village should share ratably in the pans; but the Board do not understand that this order was intended to supersede the distribution approved by the Board as above stated, and not objected to by Government.
