*Proceedings of the Madras Government, Revenue Department,
15th February 1865.*

No. 283. Read the following Proceedings of the Madras Government in the Public Works Department:—

Referring a letter from the Supreme Government, requesting that the charges incurred for completing the Travellers' Bungalow at Gúdur, and for re-constructing the stables attached to the Travellers' Bungalow at Manantoddy may be debited to Local Funds. (Here enter 11th January 1865, No. 78.)

No. 284. ORDER THEREON, 15th February 1865, No. 318.

Local Funds.

Ordered that the following letter be sent to the Government of India, and that a copy of it be furnished to the Public Works Department, and the Board of Revenue for information.

(Signed) C. G. MASTER,
Under Secretary to Government.

Ordered that the following letter be despatched:—

No. 285. From J. D. SIM, Esq., Secretary to the Government of Fort Saint George, to the Secretary to the Government of India, Financial Department, dated 15th February 1865, No. 319.

Local Funds.

To Secretary to Government of India, dated 8th January 1864, No. 29.
From do. 28th January 1864, No. 531.

SIR,
1. I have the honor under the orders of His Excellency the Governor in Council to request, with reference to the correspondence noted in the margin, that you will bring under the notice of the Government of India the

serious inconvenience occasioned by the orders conveyed in their Public Works Secretary's letter, dated 23rd December 1864, No. 813 A-6,185, requiring that the construction and repair of Travellers' Bungalows should be provided for from Local Funds from 1st May 1864, and solicit them to re-consider those orders.

2. In my letter of the 8th January 1864, the circumstances connected with the Travellers' Bungalows of this Presidency were fully explained, and it was shewn that these buildings cannot for some years be made entirely self-supporting. An application was also made for a grant-in-aid of the receipts from the Bungalows for the charges connected with them, and this application was complied with in your letter dated 28th January 1864, No. 531.

3. This grant, amounting to Rupees 18,770, was intended solely for the establishments attached to the buildings, and, as explained in paragraph 9 of the letter dated 8th January 1864, the construction of fresh Bungalows was as usual to be provided for in the Public Works Budget. But by the Public Works letter above alluded to such expenditure from that source is altogether prohibited.

4. The Government of India are aware from the papers already before them that this Government are engaged in revising the Bungalow Establishments of this Presidency, and will, if possible, raise the rates of fees, in order to make them entirely self-supporting; but as already stated this result cannot be brought about for some years, and no other branch of the local resources can be legitimately spent on account of the Bungalows. The repair of existing Bungalows, and the construction of fresh Bungalows wherever absolutely required, cannot be stopped without serious inconvenience to the numerous European travellers. Under these circumstances I am to request that either the charges connected with the repair and construction of the buildings may continue to be admitted in the Public Works Budget retrospectively from 1st May 1864, or that the annual grant already authorized be raised from Rupees 18,770 to Rupees 30,000. According

to the statements furnished by the Board of Revenue the requirements for 1864-65 amount to upwards of Rupees 80,000; this is certainly too large to be admitted, and the Government hope to be able to meet the most urgent cases from the additional grant of Rupees 11,230 now solicited.

5. I am directed to request early orders on this letter, as several buildings need immediate repair, and one or two new bungalows are urgently required.
