*Proceedings of the Madras Government, Revenue Department,
22nd February 1865.*

No. 426. Read the following Proceedings of the Board of Revenue, dated 10th February 1865, No. 769.

Read again Proceedings of Government, dated 5th December 1864, No. 2,200 :—

1. In the Order above recorded, Government communicated, for the information of the Board, their Proceedings in the Public Works Department, dated 24th November 1864, No. 3,377, in which application is made to the Government of India for permission to pass the sum of Rupees 26,500, set free from the sum of Rupees 75,000, originally allotted for Public Works supervision of works executed out of the Local Funds during the current official year 1864-65, against savings in the allotment for works on the 30th April 1865. The Board find from the letter of the Controller of Public Works Accounts, dated 14th November 1864, No. 1,643, that the per-centage to be charged to Local Funds is calculated on the total expenditure inclusive of the 75,000 Rupees originally set apart for Public Works supervision. From the Budget estimate it will be observed that only a sum of Rupees 3,95,219 is proposed for expenditure during the year, which together with the reserve of 15,000, makes up a total of 4,10,219, and the ten per cent. allowance on this sum will amount to only Rupees 41,020, or Rupees 7,480 below the amount proposed by the Controller of Public Works Accounts to be set aside. From the replies received to the Board's Circular, dated 8th September 1864, calling for a Memorandum of the expenditure to be incurred from Local Funds during the current year, through the agency of Public Works Officers, with reference to the Proceedings of Government, Public Works Department, dated 29th August 1864, No. 2,495, the sum proposed to be incurred through the Public Works Department, is Rupees 4,04,652, as per Statement submitted to Government, Public Works Department, with the Board's letter, dated 7th February 1865; and ten per cent. on this sum will be only Rupees 40,465, which should properly be assumed as the proportion

to be allotted to the Public Works Department on account of 1864-65, and the correct amount that will have to be set free by the adoption of this sum will be Rupees 34,535, for which

alone the sanction of the Government of India should be applied. The Board, therefore, request that the application to the Government of India may be modified accordingly.

2. Resolved that the foregoing Proceedings be communicated to the Accountant General, with reference to his letter, dated 21st December 1864.

No. 427. ORDER THEREON, 22nd February 1865, No. 391.

Local Funds.

The Government concur in the view taken by the Board of Revenue as to the sum for which the Local Funds of 1864-65 should receive credit, in consequence of the Order of the Government of India reducing the allowance to be made on account of the assistance rendered by the Public Works Department in the execution of works from those Funds from 18½ to 10 per cent. Application will accordingly be made to the Government of India from the Public Works Department for the grant of Rupees 34,535 in lieu of Rupees 26,500, already solicited in letter dated 24th November 1864, No. 3,378.
