*Proceedings of the Madras Government, Revenue Department,
23rd February 1865.*

No. 454. Read the following Proceedings of the Board of Revenue, dated 23rd December 1864.

Read again letter from the Collector of Madras, dated 31st October 1864, No. 498, in Board's Proceedings, dated 11th November 1864, No. 7,357.

Read also the following letter from E. G. R. FANE, Esq., Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Sydapet, 19th December 1864, No. 557:—

SIR,

In reply to the Board's Proceedings No. 7,357 of the 11th ultimo, I have the honor to state that the Receiver of the Carnatic Property has informed me that no plan of the Roshan Bagh and Homes' Garden was made when they were sold by the late Supreme Court. I therefore herewith forward a rough sketch* of the

* Sent separately.
Roshan Bagh, prepared by the Surveyor attached to this office. I have a Map of the Homes' Garden and Roshan Bagh in one; but that has been sent for inspection to the Horticultural Society's Committee in connection with the Model Farm scheme.

Ordered that the above papers, with the accompanying Plan (to be returned) be submitted to Government, with the Board's recommendation that the Collector be authorized to grant a school site at the spot indicated, of such extent and on such conditions as the Government may think proper.

No. 455. ORDER THEREON, 23rd February 1865, No. 405.

Miscellaneous.

1. The Government will be prepared to consider favorably the assignment to the Sydapet School Commissioners of two Cawnies of land in the Roshan Bagh, at the spot indicated in the plan, for the purpose of erecting a school house, on being furnished with a plan of the projected building and a sketch of the ground which they propose to enclose.

2. It is desirable that a nominal rent should be imposed as a token of the rights of Government. The small sum mentioned by the Collector, viz., 12 Annas per Cawny, would probably suffice.

3. The Commissioners will be required to enter into an engagement that the land shall be used only for the purpose specified, and that it shall revert to the possession of Government should any changes hereafter interfere with the retention of the school.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 11th November 1864.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Sydapet, 31st October 1864, No. 498:—

1. I have the honor to forward herewith an application from the School Commissioners of Sydapet for two Cawnies of land in the Roshun Bag, the property of the Government.
2. The bit of land applied for is quite waste, and has never yielded any thing but a small grass rent of a few Annas a year.
3. The building will be rather an ornament than otherwise to the Mount Road, which borders the land on one side, and will, by being there built, be as all such public buildings ought to be, a prominent object.
4. If the Government do not think proper to grant the land without any rent, the School Commissioners would doubtless be willing to pay the assessment generally demanded upon such lands, which will be somewhere about 12 Annas a Cawny.

ENCLOSURE No. 1.

From S. VIJIA RAGAVOOLOO CHETTY, Honorary Secretary to the Sydapet School Commissioners, to E. G. R. FANE, Esq., Collector of Madras, dated Sydapet, 26th October 1864.

To Collector of Madras, dated 10th June 1864, paragraph 3.
From Collector of Madras, dated July 1864, No. 277, paragraph 2.

1. With reference to the correspondence noted in the margin, I am desired by the Sydapet School Commissioners, to report to you that the Tahsildar has informed them that the Mambalam Zemindar and Mirassidars have declined to give the waste land on the Mount Road opposite to the Yelangali Ammen Covil for the school, on the ground that it is required for the Covil.

2. There is no other suitable land in the town on which the school can be built, and which can be easily acquired by the Commissioners. I am therefore to request you will kindly procure the sanction of Government for assigning to the school two Cawnies of land from that portion of the Roshun Bagh which faces the Mount Road, just opposite to the Ummen Covil above alluded to. This locality is very healthy and suitable; and is at the same time near the town. The Commissioners are of opinion that two Cawnies are necessary in order to provide sufficient play ground for the boys.

3. The Commissioners are raising subscriptions to build the school house with a grant-in-aid from Government, but they do not believe that from the money that may be available they will be able to pay for the land. They therefore request you will support their application to be allowed to hold the land free of cost, on condition that they make it over to Government when it ceases to be used for the school.

1. The Board are prepared to recommend the conditional grant of the extent of land applied for, but they request the Collector to forward a plan of the Roshun Bagh, and Home's Gardens properties, showing the exact position of the site sought.

2. The Receiver of the Carnatic property doubtless had plans of the properties prepared before their sale.
