Dated 28-2-1865.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
28th February 1865.*

No. 513. Read the following Proceedings of the Board of Revenue, dated 6th February 1865,
No. 646.

Read the following Proceedings of the Madras Government, dated 20th January 1865, No. 86,
Revenue Department:—

*ABSTRACT.—Approving of the Supplemental Budget submitted by the Collector of Tanjore of works to be executed out of the District Road Fund, with the exception of the two items for markets in Tanjore and Negapatam, and desiring the Collector to suggest some other mode of usefully employing the 6,000 Rupees now available.

1. Communicated to the Collector for information and further report on paragraph 2 of the Government Order.

2. The Board, however, beg leave to point out to Government that although this principal item of Local Fund has recently been distinguished as the "District Road Fund," it was not originally so limited, but has from the first been held available for *any kind* of local improvements, except in the case of tolls and the road cess where levied, which items are exclusively applicable to roads.

3. These works also no doubt absorb the main part of the whole expenditure everywhere, as being the most needed improvements, and the most widely extended; but the Board have always kept other improvements also in view, and public markets have been considered a most appropriate kind of work on which to employ funds not urgently required for other works. In Salem and Madura, buildings such as that proposed for Tanjore have been erected to the great convenience of the public, and to the benefit of the Local Fund which derives an income from the rents.

4. Similarly the Board have viewed these funds as available for improvements in the drainage and water supply of Towns and villages, and in fact for any improvements which are calculated to promote the public convenience or improve the public health.

5. The Board would greatly regret to find themselves precluded from carrying out such works, more especially as there is nothing in the Constitution of the Fund, except as regards the two special items of receipts above-mentioned, which renders any such exclusive appropriation of the Funds to road works necessary, as the similar funds in the other Presidencies are not so restricted in application.

No. 514. ORDER THEREON, 28th February 1865, No. 436.

Miscellaneous.

1. The Government are not prepared at present to expend the Tanjore District Road Fund on markets and general improvements while roads, the legitimate object of the Fund, are so much needed every where.

2. As regards the Tanjore market, the Collector calculates the receipts at 7 per cent., a very inadequate return for money invested in buildings.

(True Extract.)

(Signed) J. D. SIM,
Secretary to Government.

To the Board of Revenue:

Exd. S. T. Augustin.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 6th February 1865.

Read the following Proceedings of the Madras Government, dated 20th January 1865, No. 86, Revenue Department:—

ABSTRACT.—Approving of the Supplemental Budget submitted by the Collector of Tanjore of works to be executed out of the District Road Fund, with the exception of the two items for markets in Tanjore and Negapatam, and desiring the Collector to suggest some other mode of use fully employing the 6,000 Rupees now available.

1. Communicated to the Collector for information and further report on paragraph 2 of the Government Order.

2. The Board, however, beg leave to point out to Government that although this principal item of Local Fund has recently been distinguished as the "District Road Fund," it was not originally so limited, but has from the first been held available for *any kind* of local improvements, except in the case of tolls and the road cess where levied, which items are exclusively applicable to roads.

3. These works also no doubt absorb the main part of the whole expenditure everywhere, as being the most needed improvements, and the most widely extended; but the Board have always kept other improvements also in view, and public markets have been considered a most appropriate kind of work on which to employ funds not urgently required for other works. In Salern and Madura, buildings such as that proposed for Tanjore have been erected to the great convenience of the public, and to the benefit of the Local Fund which derives an income from the rents.

4. Similarly the Board have viewed these funds as available for improvements in the drainage and water supply of Towns and villages, and in fact for any improvements which are calculated to promote the public convenience or improve the public health.

5. The Board would greatly regret to find themselves precluded from carrying out such works, more especially as there is nothing in the constitution of the Fund, except as regards the two special items of receipts above-mentioned, which renders any such exclusive appropriation of the Funds to road works necessary, as the similar funds in the other Presidencies are not so restricted in application.
