	174-175	
Dated	10 - 3 - 1868.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
10th March 1865.*

No. 174. Read the following Proceedings of the Board of Revenue, dated 20th February 1865, No. 1,012.

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Kanigiri, 2nd February 1865, No. 22:—

1. I have the honor to submit the Report of the Committee on the stock exhibited at the Addanki Cattle Show held on the 25th and 26th ultimo.
2. This Show was originally fixed for the 20th and 21st ultimo; but His Excellency the Governor having intimated his intention of being present, it was postponed to suit the date on which Her Majesty's Steam Frigate "Feroze" would be available.
3. And advantage having been taken of this opportunity for bringing from Madras some of the agricultural implements recently imported from England, the Addanki Show for 1865 has been further distinguished from those that have preceded it by the exhibition of these implements, as well as horned stock.
4. The report of the Committee, the Board will observe, is in most of the classes to the same effect. In full grown bulls they state that the animals exhibited were more than double the number exhibited last year; in five year olds it was twenty-three "against eleven in the previous year;" in three year olds, I may add, it was forty-six to eighteen; and the two year olds shewing this year "no fewer than thirty-seven entries" against sixteen last year; in the yearlings as compared with last year, the Show "was most encouraging," the number shown being 42 against 10. With the Cows it is the same thing. "There was a marked increase in the number of Cows exhibited this year (forty-three), as compared with last year (seventeen). And in reporting on the four year old heifers the "Committee observe that last year there were only "twenty-one heifers shown, but this time an unprecedented number of very fine animals gave the "judges unusual difficulty."
5. Altogether this year there were 312 entries against 137 last year; and this very great increase in the number of animals shewn must be attributed in part to a good season, and the increasing influence of the Show in part and to a greater extent to His Excellency's visit, which under any circumstances was certain to have a marked effect.
6. It is not however only the numbers, the Board will see, to which the Committee refer, but also the condition and superior description of the animals brought forward; and the Show having reached those classes specially referred to, it is fair to hope, that its influence before long will be extended to the yearling, two year olds, and three year old heifers, which classes are the exception to the otherwise wholly favorable Report of the Committee of 1865.
7. A Ryot does not care to give milk to his heifer calves. A bull calf will have all his care; the heifers he neglects; and the remarks of the Committee as regards the three year olds, that "owners do not care to exhibit at this age," and as regards two year olds and yearlings "that they were very poorly represented" are precisely what might be expected, and past experience gives good grounds to hope, time and the Show will effectually remedy.
8. His Excellency the Governor, to the great gratification of the people, giving away the prizes with his own hand, was pleased further to promise special prizes of gold rings to
 1. Konduri Pera Reddi, who carried off the 1st and 2nd prizes in full grown Cows.
 2. Bolineni Adinaraydu, who gained the 2nd prize in the five year old Bulls, and the 2nd prize in the two year olds.
 3. Chittabattini Kanagaya, who gained the 1st prize in four year olds, and the 3rd prize in working cattle.

4. Kakarlapudi Gopalraz, who gained the 2nd prize in four year olds, and the 3rd in yearling Bulls, and

5. Potu Pichana, who gained the 3rd prize in two year old Bulls, and the 3rd in full grown Cows.

And these prizes, if received in time, I propose to distribute at the Nellore Show in April next, when probably the successful exhibitors will not come empty handed, but bring with them some of their stock for exhibition and, I hope, profitable sale in the south of the District.

9. This year success has gone more with this District than the Kistna, and the greater portion of the prizes has been borne off by cattle bred in the fertile villages that border the Musi, the Palair, and the Gundlakamma. On the whole, however, the effects of the Show have been widely spread; and, looking back into past year's Shows still more clearly, that, as yet, the Show offers a fair field for success for all within its reach.

10. Established in 1859, for the six Shows that I have had the pleasure of attending, I have had the information thrown together as to who have won prizes during these years; and I find we have had no less than 142 successful exhibitors; and of these men, very few have succeeded in obtaining a large share of the prizes offered. The most successful exhibitors have been Bolineni Ramaswami of Yenikapad, and Kakarlapudi Gopalraz of Marlapad, both villages being situated on the Inagaleru, an affluent of the Musi; Ravula Appaya of Chendalur on the borders of the Kistna District, Gadde Venkatesham of Annavaram in that District, and Chaganti Bhimaya of Kamayapalli in the Kandukur Talook have also been successful; but otherwise no names come forward very prominently. There is a fair field for all; and Kakarlapudi Gopalraz and another of the Bolineni family, it will be observed, are amongst those who this year have been fortunate enough to distinguish themselves by winning more than one prize at the same Show, and thus becoming Governor's prize-men.

11. Doctor Hunter, the Superintendent of the School of Industrial Arts, having accompanied His Excellency with the requisite photographic apparatus, we shall, I am glad to report, have this year numerous excellent photographs of the cattle exhibited; especially those that won prizes; and these photographs, if carefully preserved, it is scarce necessary to observe, will be the ready means hereafter of distinguishing any changes that may from time to time take place in the characteristics of the breed, either as results of increased care in crossing, or feeding up the heifers, or to meet requirements in draught cattle, &c., all of which is information that may be of considerable use.

12. The agricultural implements brought from Madras were exhibited during the two days the Show lasted; and the ploughs, pumps, and winnowing machines were worked.

13. The soil was too light and dry to show the full advantages of the English plough. But the winnowing machine delighted the Ryots by the rapidity and precision of its work. It was fully appreciated, and I hope I shall have the pleasure of exhibiting it at the Nellore Show in April. If a threshing machine, with the American horse-power adjusted for bullocks, were added, we shall place before the Natives what at the present moment they much require, viz., the ready means of threshing and winnowing grain grown to meet an increased demand in a country ill provided with fuel; and these horse-powers on inclined planes not only meet the difficulty of fuel, but are, I believe, as portable, and as readily set up, as the small steam engines usually used for such purposes in England.

14. In the list of prizes for next year's Show at Addanki, I request permission to introduce a class for bull calves, recommended by the Committee. It has long been felt to be a difficulty in awarding prizes for yearlings, and a source of unfairness to exhibitors to place in this one class all young bulls under two years old. But the difficulty of a more correct classification of animals at that age has hitherto prevented any steps being taken to remedy the defect; an animal wrongly classed is certain to give rise to angry feelings, and affect the Show. Now, however, the classes are increasing so much in numbers that the difficulty must I think be met, as

recommended; and should this proposal meet approval, I would introduce the same provision for heifers, and will endeavour to prevent disputes as far as possible by a simple system of registration in the monthly cultivation returns, and ordering the village authorities to give intending exhibitors a certificate to that effect.

15. In accordance to the recommendation of the Committee, I have also raised the prizes for cows and four year old heifers, and added an additional prize for each of these classes.

16. Thus modified, the prizes to be offered for 1866 would be Rupees 1,550* against Rupees 1,250 this year; and I trust that the Board will be pleased to approve of these modifications introduced, to meet the growing importance of the Show, and recommend that prizes be offered accordingly, and the Show held for next year at the same place on the 19th and 20th of January 1866.

17. I have further to request sanction for the expenditure incurred this year to the amount of Rupees 2,112-1-2, and somewhat in excess of our estimate, as shewn in the accompanying Memorandum.

ENCLOSURE No. 1.

Addanki Cattle Show 1865.

1. The Collector and Sub-Collector, ex-officio members of the Committee, requested Lieutenant Balmer, Superintendent of Police; Mr. J. R. Arbuthnot, Head Assistant Collector of Kurnool; Mr. W. Beaumont, Deputy Superintendent of Revenue Survey; Mr. J. B. Pennington, Acting Head Assistant Collector; and Mr. C. Rundall, Assistant Director of Revenue Settlement; Cumili Narayanasami Mudaliar, Deputy Collector; Vadlamannati Venkatachellum, Deputy Collector, Kistna District; Rozugurdi Venkatakrishna Row, Head Sheristadar; Kasikela Raghupati Row, Tahsildar of Kandukur; Pingali Sunda Row, Tahsildar of Razapet (Kistna District); and Pakam Rajah Ratnam Mudaliar, Sub-Magistrate of Darisi to assist in awarding the prizes:—

	rs.
Full grown Bulls...	{ 1st Prize 75
	2nd „ 50

Twenty-three animals were shewn, more than double the number exhibited last year; the first prize was awarded, after some discussion, to Kanta Kottappa of Venuru, Ongole Talook; the second to Dalapate Subbaya of Kashipuram, Ongole Talook; and, in consideration of the general character of the class, a special prize of Rupees 20 was awarded to Kolla Appanna of Jagarlamudi Bapatla Talook (Kistna District).

2. The Committee were gratified to observe the very large increase in the numbers and excellent quality of the bulls exhibited in this class. Though inferior in size to the first, the second prize bull was much admired for his symmetry:—

	rs.
Five year old Bulls...	{ 1st Prize 70
	2nd „ 45

There were twenty-four animals shewn in this class against eleven in the previous year, and the first prize was awarded to Bezvada Ramanna of Nidamalur, Ongole; the second to Bolinadi Adinarayadu of Yenikepadu, Ongole, and a special prize of Rupees 15 to Mira Sahib of Singarayapalem, Guntoor (Kistna District). The numbers in this class have largely increased as compared with last year, and amongst them there were some first rate animals:—

	rs.
Four year old Bulls...	{ 1st Prize 60
	2nd „ 40
	3rd „ 20

There were nineteen animals in this class, and the 1st prize was given to Chittabuttuni Kanakaya, of Chendalur, Ongole; the second to Kakarlupudi Gopalray of Marlapadu, Ongole; and the third to Ummaredi Subbaya of Dhenuvakonda, Ongole; two discretionary prizes of 10 Rupees each were further awarded to Banclamuḍi Ramudu of Yenikepadu, and Bhimanna Viranna of Modepalli, both in the Ongole Talook. The Committee felt considerable difficulty in adjudging these prizes, as many of the best cattle were very evenly matched:—

	Rs.
Three year old Bulls...	{ 1st Prize 50
	2nd „ 35
	3rd „ 15

Out of a very fine shew of forty-six, the 1st prize fell to a bull brought from the Kistna District, and exhibited by Ravuru Bakaya of Dondipad, Vinukonda; the second to Addepalli Ramanna of Nidamalu, Ongole; the third to another from the Kistna District shewn by Namburi Venkanna of Singarayapalem Narsaravpet. Four special prizes of Rupees 10 each were awarded to Ravula Appaya of Konda Manzalur; Bolineni Ramaswami of Yenikepadu; Mohamad Khasim of Dhenuvakonda, all in the Ongole Talook, and Nollapaneni Ramanna of Ponnalaru, Kandukur; here the Committee had a still more onerous task. The number of three year olds exhibited was unusually large, and so many of them found favor with various members (of the Committee) that it was considered only just to award no fewer than four additional prizes.

	Rs.
Two year old Bulls...	{ 1st prize 40
	2nd „ 24
	3rd „ 12

In this class last year there were only sixteen bulls shewn; this year there were no fewer than thirty-seven entries; the first prize was awarded to Bhimanna Pichana of Modepalli, Ongole; the second to Bolindj Adinarayadue of Yenikepadu, Ongole; and the third to Potu Pichana of Venkanapalem, Kandukur. There was a great show of very handsome animals in this class, and the Committee had no hesitation in giving three additional prizes of 7 Rupees each to Kanta Govindu of Paidipadu, Kandukur; Kakumani Pullaya of Nidamalur, Ongole; and Gaddi Venkatesam of Annavaram, Bapatla (Kistna).

	Rs.
Yearling Bulls	{ 1st prize 30
	2nd „ 20
	3rd „ 10

As compared with last year the number of animals shewn in this class was most encouraging (forty-two against ten). The first prize was given to Ravi Peraya of Lakshnipuram, Darisi; the second to Lakkamrazu Adirazu of Mangamur, Ongole; and the third to Kakarlupudi Gopalrazu of Marlapadu, Ongole. Special prizes of 6 Rupees were awarded to Gadde Venkatesam of Annavaram, Bapatla (Kistna District), and Malavarapu Thataya of Jeyavaram, Ongole.

In awarding the prizes in this class the Committee had to exercise great care, as it was necessary to decide upon the respective merits of forty-two animals varying in age from about six months to two years. The Committee ultimately resolved to confine the chief prizes to the larger and more mature animals, and to give two extra prizes to two young calves, belonging respectively to Kali Ankadu of Kosipad Ongole, and Koppuri Venkanna of Junkolu, Bapatla (Kistna District).

	Rs.
Full grown Cows	{ 1st prize 55
	2nd „ 35
	3rd „ 20

There was a marked increase in the number of cows exhibited this year (forty-four as compared with last year (seventeen)); and the Committee think it necessary to reserve this class and the next for some general remarks at the end of their Report. The first prize was awarded unanimously to

Konduri Pera Reddi of Zarugumalli, Kandukur; the second to the same exhibitor; and the third to Potu Pichana of Venkanapalem, Kandukur. The award to the second also was made without much difficulty; but there was strong competition amongst the next three or four, and it was found necessary to acknowledge their merits by an award of three special prizes (of 10 Rupees each) one of which fell to Maddireddi Adireddi of Madepalli, Ongole; one to Kanda Narsadu of Tangatur, Ongole; and the last to Potu Kotappa of Vankanapalem of Kandukur.

	Rs.
Four year old Heifers	{ 1st prize 45
	2nd „ 30
	3rd „ 15

Last year there were only twenty-one heifers shewn, but this time an unprecedented number of very fine animals gave the judges unusual difficulty. The first prize was however unanimously awarded to a heifer exhibited by Bolineni Ramasawmi; the second to Donempudi Totigadu of Nidamalur, Ongole; the third to Kanigala Ramireddi of Deruvakonda, Ongole. Six special prizes of 12 Rupees each were given to Kanta Govindu of Paidipad, Kandukur; Guntoor Subbaya, Yenikepadu, Ongole; Chekka Ramudu, Karumanchi; Boddukotadu, Tangatur, Ongole; Bobbori Ramudu Venkanapalem, Kandukur; and Elchuri Pichigadu, Tangatur, Ongole. As the Committee thought it specially important to encourage the exhibition of cows and heifers so well represented on the present occasion, they were all agreed on the expediency of granting six extra prizes to this class.

	Rs.
Three year old Heifers	{ 1st prize 35
	2nd „ 20
	3rd „ 12

The animals in this class were but few and somewhat indifferent, and from last year's report it would appear that owners do not care to exhibit at this age. The Committee however thought the first three entitled to reward, and accordingly gave the first prize to Ayanampudi Chendrapadu, Nidamalur; the second to Elchuri, Singarigadu, Tongatur; and the third to Istala Narasadu, Tangatur, all of Ongole.

	Rs.
Two year old Heifers and Yearlings..	{ 1st Prize 30
	2nd „ 15
	3rd „ 12

Last year there were no entries in either of these classes. This year also there were very poorly represented and call for no remark. The prizes were awarded as follows:—
First, Kasukurti, Ankadu, Kottakota.

Second, Elchuri Venkatramudu, Tongatur; and the third to Manidi Nagadu of Endluru, all of Ongole.

	Rs.
Working Cattle... ..	{ 1st Prize 70
	2nd „ 45
	3rd „ 20

There were sixteen pairs of working cattle this year against fifteen last year. The first prize was awarded to Makineni Ramaya, Utruguntapalem, Guntoor; the second to Sala Konda Reddi of Yedalapadu, Narasayapet (Kistna District); the third to Chittabattini Kanakaya of Chendalur, Ongole. Two special prizes of 10 Rupees each were given to Ravula Appaya of Konda Munzalur, Ongole, and Bhimanna Viranna.

In judging of the working bullocks, of which there were some very fine pairs exhibited, the Committee awarded the prizes with reference to strength, action and form, this was opposed to former practice when the drawing of great weights was looked on as a sole criterion. In conclusion,

6 *Proceedings of the Madras Government, Revenue Department,*
10th March 1865.

the Committee desire to call attention to the following points. They would recommend in reference to their remarks under that head that the yearling Bulls, or rather all Bulls under one year, should be classified separately as Bull calves; those above one and under two being entered as yearlings.

They have already remarked with pleasure on the quite unusual number of good cows and heifers exhibited on this occasion, and think it most important that the number and value of the prizes awarded to them should be increased in consideration of their number. They are of opinion that the practice of awarding a large number of extra prizes of inferior value is somewhat objectionable, and suggest that it should be discontinued in future, and a fourth prize sanctioned instead, in the classes where they have commonly been found necessary. The difficulty in awarding prizes was much increased by the unnecessarily large number of members on the Committee.

KANIGIRI,

3rd February 1865.

(Signed) J. W. B. DYKES, Collector.

ENCLOSURE No. 4

ABSTRACT.—Memorandum showing the expenses incurred at the Annual Cattle Show held at Addanki, in the District of Nellore, on the 25th and 26th January 1865.

8 *Proceedings of the Madras Government, Revenue Department,
10th March 1865.*

- Submitted to Government with the Board's recommendation that the charges connected with the Show, amounting to Rupees 2,112-1-2, be sanctioned. It will be observed that though this amount is in excess of the estimate, several charges connected with His Excellency's tour and the cost of a bull purchased on account of Government have been included in the amount.
- The Government will doubtless share the Board's satisfaction in observing the great increase which has taken place in the number of animals exhibited, as compared with the last year's Show, and the decided improvement in the class and condition of the stock exhibited.
- Sanction will be solicited for the Collector's proposals regarding next year's Show. It will be observed, that in arranging the proposed prizes, Mr. Dykes has availed himself of the several valuable suggestions made by the Committee in their Report, and permission will be requested for Mr. Dykes to inform these gentlemen that the Government fully appreciate their honorary labors.
- With reference to paragraph 13 of his letter, Mr. Dykes will be informed that whatever agricultural implements or machines are available in April next will be placed at his disposal for the Nellore Exhibition.

No. 175.

ORDER THEREON, 10th March 1865, No. 531.

Miscellaneous.

- The highly successful character of the Exhibition at Addunkhy has already been noticed in the Minute of His Excellency the Governor, dated 27th January 1865. Both in number and merit the stock exhibited was superior to that brought forward on previous occasions. The great increase in the number of Cows and Heifers exhibited is particularly satisfactory, but relatively they were greatly inferior in size and form to the Bulls of all ages. Special encouragement should therefore be given to the rearing and feeding of Cows and Heifers, and with this view the Government would raise some of the proposed prizes as shewn in the margin. The great importance of attending to their breeding stock should be pressed on the people.
- The Government approve of the proposed alteration in the classification of calves and yearlings.
- The Government attribute the great success which has attended the Exhibition at Addunkhy to the exertions of the District Officers, and especially of Mr. Dykes himself. The Board will convey the acknowledgment of Government to these gentlemen, and to the members of the Committee, whose services in adjudging the prizes the Government highly appreciate.
- The Board will instruct the Collector of Madras to take charge of the Bull purchased on behalf of Government until further orders.
- The above report with the photographs of the cattle taken by Dr. Hunter will be forwarded to the Secretary of State.
- The Board will arrange for exhibiting Agricultural implements at the Nellore Show.
- The expenses incurred at the Exhibition, amounting to Rupees 2,112-1-2, are sanctioned.
- The Collector will at once notify the intention of having a similar meeting next year, for which purpose a grant of Rupees 1,680 is sanctioned.

230 Revenue Sept 23
No. 531-

Proceedings of the Madras Government
under date the 10th March 1865.

Read the following
Pro: of the Bd of Revenue

Submitting letter
from the Collector of Mellore
and requesting sanction for
charges connected with the
-dan ki Cattle show, amounting
to Rs 112-1-2 and for the
proposals regarding next year
show.

(Here enters 20th of
1865, No 1012/1)

The highly success-
ful character of the ex-
-hibition at Addanki
has already been noticed
in the Minute of this Ex-
-citing the Governor dated

Both in
number and merit the
stock exhibited was super-
rior to that brought for-
ward on previous occa-
sions. The great increase
in the number of cows
and heifers exhibited is
particularly satisfactory
but relatively they were
in size & form
greatly inferior to the
Bulls

W.D.
1865

Bulls of all ages special encouragement should therefore be given to the rearing and feeding of cows and heifers and with this view the Govt. would raise some of the proposed prizes as shown in the margin. The great importance of attending to their breeding stock should be pressed on the people.

The Government approve of the proposed alteration in the classification of calves & yearlings.

The Government attribute the great success which has attended the Exhibition at Cuddalore to the exertions of the District officers and especially of Mr Dykes himself. The Board will convey the acknowledgments of Govt. to

Best full grown cow	Rs 80
Best 4 y old Heifers	70
Do 3 " old do	60
Do 2 " do do	50
Do yearling	40
Do calf	30
2 nd do do	20
3 rd do do	15
4 th do do	10

The above is the list of prizes for the exhibition of cattle at Cuddalore. Total Rs 130

20

these gentlemen and to the members of the Committee whose services in adjudging the prizes the Govt. highly appreciate.

The Board will instruct the collector of Madras to take charge of the Bull purchased on behalf of Govt. until further orders.

The above report with the photographs of the cattle taken by Dr Hunter will be forwarded to the Secretary of State.

The Board will arrange for exhibiting agricultural implements at the Nellore Show.

The expenses incurred at the Exhibition amounting to Rs 2112-1-2 are sanctioned. The

25
The collector will
at once notify the in-
tention of having a
similar meeting next
year - for which pur-
pose a grant of Rs
1680 is sanctioned.
