*Proceedings of the Madras Government, Revenue Department,
16th March 1865.*

No. 232. Read the following letter from A. MURRAY, Esq., Assistant Secretary Royal Horticultural Society, to His Excellency Sir W. T. DENISON, K. C. B., Governor of Madras, dated South Kensington, W., 6th February 1865:—

Sir,

1. I am directed by the Council of the Royal Horticultural Society to transmit to your Excellency the accompanying announcement of their intention to offer prizes for the best Horticultural produce grown in any of Her Majesty's Presidencies in Madras.

2. The success which attended their great Horticultural Show in 1862, and the practical benefits which seem to have flowed from it, have induced the Council to resolve to repeat the Show this year, and I am to ask the favor of your aiding them by making the matter known as widely as possible in your Presidency, and also by your sending something from your Excellency's own Garden, by way of encouraging the object that they have in view. I may mention as an indication of the interest taken in these Shows that both at the Show in 1862, and at a smaller Exhibition which the Society held this last year, valuable and interesting collections were sent from the Gardens of Her Majesty the Queen, as well as from more than one Sovereign.

No. 233. ORDER THEREON, 16th March 1865, No. 563.

Miscellaneous.

1. Ordered that the Society's announcements be published in the "Fort Saint George Gazette" and forwarded to the Collectors of Districts with instruction to insert them in their Gazettes in English and the Vernaculars, and to make their contents as generally known as possible.

2. Copies of the announcements will also be forwarded to the Commissioner of Mysore and to the Resident of Travancore and Cochin. Mr. Newill will communicate these papers to their Highnesses the Rajas of the latter States, and request their co-operation.

3. The Government will undertake to forward to the Society, per P. and O. Steamer, free of charge, any contributions which private individuals may be disposed to send, on the following conditions:—

I. That a Committee to be appointed by the Government consider the article or articles worthy of being sent at the public expense.

II. That the articles be forwarded to the Government, free of charge, by the 10th November 1865.

III. That no responsibility for loss or injury, or for the return or disposal of the articles by the Society, attach to the Government.

IV. That instructions for the transfer to some person resident in Madras, of articles which Government may decline to forward under the first condition, accompany each article.

V. That full instructions for the disposal of the articles by the Society, after Exhibition, be forwarded direct to the Society's Secretary.

VI. That all expenses for the return of the articles to India be borne by the Exhibitor.
