Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
21st March 1865.

No. 356. Read the following Proceedings of the Board of Revenue:—

Submitting, with remarks, letter from the Collector of Nellore, forwarding Statements shewing the present position of all the Shrotriem villages in the District, and the balances out-standing against some of them.) (Here enter 23th February 1865, No. 1,184.)

No. 357. ORDER THEREON, 21st March 1865, No. 622.

Land Revenue

1. The Board have now completed the information called for in the Order of Government, dated the 24th December 1859, No. 1,762, with respect to the Shrotriem balances in the Nellore District, and they express their satisfaction at finding that the settlement of this troublesome question has at last been effected.

2. The balance out-standing against the whole of these villages, including Ambapuram (which is said by the Collector to have been resumed), amounted on the 31st October last to Rupees 9,489-1-11. In thirteen of the villages compensation to the amount of Rupees 7,036-12-1 is said to be due on account of damage done to the proprietors by the making of roads through their land, and the execution of other Government works; when this is paid a real balance of Rupees 2,452-5-10 will remain, and the Collector believes that the whole of this sum is recoverable with the exception of Rupees 1,394-8-5, due from the village of Ambapuram mentioned above.

Total ...	774 6 6	1,027 8 8	180 10 1

3. The compensation due to the proprietors of the ten villages noted in the margin, has been calculated by the Collector in accordance with the rules approved of by Government in their Order of the 2nd September 1864, No. 1,590, and is considered equitable by the Board. Accordingly a permanent remission of Rupees 774-6-6 quit-rent in seven villages, and a refund of Rupees 1,027-8-8 as well as compensation for damaged crops, &c., to the amount of Rupees 180-10-1 are sanctioned. In the three other villages temporary loss only was suffered, and the small amount of Rupees 0-15-9 will have to be refunded.

4. The village of Ambapuram has already been resumed by the Collector, but it appears that the late proprietor had at the time of resumption a claim for compensation against Government to the amount of Rupees 195-5-0. The Board consider that the resumption was on this account irregular, and recommend that the village be restored to the Shrotriemdar at a quit-rent reduced by Rupees 39-1-0. Government adverting to the fact that the claim is small in comparison with the arrears, and to the statement of the Collector that there is no hope that the arrears will ever be paid on account of internal dissensions amongst the proprietors, are not of opinion that the Shrotriemdar is entitled of right to have his village restored to him. They will not, however, object to the course recommended by the Board. The Shrotriemdar will be informed that if he pays the out-standing balance of Rupees 1,394-8-5 within six months, his village will be restored at the reduced quit-rent, and that if he does not do so the resumption will be made absolute.

5. In Gangaveram it would appear that damage to the annual amount of Rupees 81-6-9 has been caused by a road which has cut off the supply of water from certain wet lands. A tunnel made under this road would at once renew the supply, and the Collector proposes that a

*Proceedings of the Madras Government, Revenue Department,
21st March 1865.*

reduced quit-rent of Rupees 31-14-8 should be charged till the tunnel is constructed. The Board, on the other hand, consider that the Shrotriendar should be given the option either of having the reduction of Rupees 81-6-9 made permanent or of having the tunnel constructed. Government are unable to agree either with the Collector or with the Board. The tunnel ought to have been constructed at the same time as the road, and the Collector will at once communicate with the Superintending Engineer, with a view to its being taken in hand at once. The Shrotriendar's loss through want of irrigation up to the time the tunnel is completed, and his permanent loss through land taken up in the road will then be deducted from the arrears and the remainder will be collected.

6. In Pothureddipolliem there is a question as to the amount of compensation which should be given for land rated as wet, which, however, has always been destitute of means of irrigation. The Collector considers that it should be regarded as dry land. The Board think the Shrotriendar can claim to have it regarded as irrigated land, and so ought to be paid the higher rate of compensation. Government observe that the question as to the amount of compensation depends entirely on the actual value of the land when taken up, which must be calculated with reference both to the fact that the land has never hitherto been supplied with water, and to the fact that it would be entitled to water if any future work should afford the means of irrigation. Government agree with the Board that more complete information is required as to the land said to be left waste in consequence of the line of "Railway" having intercepted the means of ingress.

No. 1,184.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 28th February 1865.

Read the following letters:—

From J. W. B. DYKES, Esq., Collector of Nellore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Udayagiri, 1st October 1864, No. 335.

1. I have the honor to acknowledge the receipt of the Proceedings of Government of the 2nd ultimo, and submit the Statement called for in the Board's Proceedings of the 9th October 1864, No. 5,491, and referred in the 8th paragraph of their Proceedings of the 12th January 1864, No. 166.

2. The Statement sets forth the balances against each Shrotriem, with my remarks and recommendations in every case.

3. According to the Board's orders, a reduction has to be made, as shown below, on the quit-rent of Rupees 852-6-2 permanently, Rupees 90-6-2 temporarily; whilst Rupees 6,987-14-4 arrears have similarly to be written off; Rupees 1,095-1-11 have to be disbursed as excess collections, Rupees 105-0-1 for wells, and Rupees 75-10-0 for loss of crops, &c., should the right claimants be found.

ENCLOSURE No. 1.

ABSTRACT.—Statement of Shrotriem balances in the District of Nellore.

From the same Officer, dated 25th November 1864, No. 375.

In accordance with the orders of the Board of the 28th October 1839,* I have the honor to submit a Statement showing the arrears outstanding against the Inam villages up to 31st October 1864.

ENCLOSURE No. 1.

ABSTRACT.—Statement showing the balance outstanding on Shrotriem villages up to 31st October 1864.

From the same Officer, dated 25th November 1864, No. 378.

I have the honor to submit a Statement showing the present position, &c., of all the Shrotriem villages in the District including those which have never been in arrears, &c., as required in paragraph 27 of the Proceedings of Government,* Revenue Department, No. 1,590, dated 2nd September 1864, and paragraph 16 of the Board's Proceedings, No. 166, dated 12th January last.

P. S.—I would also request the favour of this Statement being printed, and twelve copies supplied to this District.

STATEMENT showing the present position of all the Shrotriern Villages in the District of Nellore as called for in the Order of Government, dated 2nd September 1864, No. 1,590, and Proceedings of the Board of Revenue, No. 166, dated 12th January 1864, paragraph 16.

NELLORE,
25th November 1864.(Signed) J. W. B. DYKES,
Collector.

1. Resolved that the foregoing letters, with their several enclosures, be submitted to Government with reference to the orders quoted by the Collector.

2. From the enclosure to the second letter above recorded, the Government will observe, that the balances at present standing against the Shrotriems of Nellore are trifling in amount when the sum due from these Shrotriendars to whom compensation is to be given is deducted.

3. From the enclosure to the last letter, which has been printed for convenience of reference, it will be observed that, including the rent-free tenures transferred to Nellore from Kurnool, and counting as two three villages which have been divided under the late arrangements of the Inam Commission, there were originally 313 Shrotriem villages, and that out of these, twenty-four have been permanently resumed, leaving, at present, 294 tenures of this description.

4. It would appear that the balance outstanding against the whole of these villages, including that of Ambapuram which has been included amongst the villages resumed, amounted, up to the 31st October last, to Rupees 9,489-1-11. Adjustments have to be made in thirteen villages, as shown in the Statement submitted with the first letter above recorded, amounting to Rupees 7,036-12-1, which will leave an actual balance of Rupees 2,452-5-10 only; and the Collector is of opinion that the whole of this sum is recoverable except Rupees 1,394-8-5 due from the Ambapuram village noted above.

5. The Board are glad to find that a settlement of this question, which has periodically occupied much of the time of the District Officers, the Board, and Government for the last twenty years, has been effected.

6. The only matter in connection with it, which now requires consideration, is the adjustment proposed in regard to the thirteen villages which are shown in the enclosure to the first letter recorded above.

7. As explained in the Board's former Proceedings on the matter, a certain compensation for lands taken up or rendered useless, temporarily or permanently, by Government works, was due to the owners of these thirteen villages. Distinct instructions as to how this compensation should

be calculated were issued by the Board, and were approved by Government in their Order noted in the margin.

8. The Board approve of the Proceedings of the Collector in estimating the compensation due in the cases of the villages noted in the margin. They, therefore, request the sanction of Government for the proposed reductions of quit-rent, and to the proposed refunds and money payments in each case. It will be observed that a permanent remission of quit-rent must be given in seven villages, and that a total refund of Rupees 1,027-8-8 will have to be made to their holders. In addition to this, two sums, Rupees 105-0-1 and Rupees 75-10-0, have to be paid as compensation for damaged crops, &c., the one to the Shrotriendard of Sujjapuram, and the other to the Ryots of Cheruvella, the Shrotriendard of which, after the proposed adjustment, will still have a balance of Rupees 55 standing against him. In three villages certain temporary remissions of quit-rent, during the time the lands were valueless to the Shrotriendars, have been allowed, and these remissions when set against the arrears payable, leave a small sum to be refunded to each of these Shrotriendars; amounting only to Rupees 0-15-9.

2nd September 1864, No. 1,590.

	Amount of permanent reduction of annual quit-rent.	Balance to be refunded after deducting arrears.	Compensation payable for crops, wells, or trees.

Total...	774 6 6	1,027 8 8	180 10 1

	Temporary annual remission payable during the years the lands were occupied.	Amount payable to Shrotriendard after deducting arrears.
Tippireddipolliem ...	10 12 6	0 11 9
Ragavaramapuram ...	13 1 7	0 3 0
Thokalapudi ...	6 15 6	0 1 0
Total...	30 13 7	0 15 9

9. The proposed arrangements regarding the villages of Ambapuram, Gangavaram, and Pothureddipolliem, require further consideration. As stated above the village of Ambapuram has already been resumed, and as this course was irregular so long as the Shrotriendard had a claim against Government for compensation, and as it now

Ambapuram.

appears that the late holder of this village is entitled to a permanent reduction of Rupees 39-1-0 on his Jodi, (which amount, calculated in arrears, gives him a claim to Rupees 195-5-0 against Government,) the Board recommend that the village be restored to the Shrotriendard at the reduced quit-rent provided he pay up the balance of arrears due by him, which, deducting his claim against Government, will now amount to Rupees 1,394-8-5.

Gangavaram.

10. In this village the Collector estimates the Shrotriendard's annual loss at Rupees 81-6-9, and credits him with this amount annually against the arrears which have accrued against him. He proposes, however, to allow a temporary reduction of quit-rent of Rupees 31-14-8 till a tunnel may be constructed, which will enable the Petitioner to cultivate with wet crops certain lands which he has hitherto been able to cultivate with dry crops only in consequence of a road having been raised between them and his water supply. The Board consider that the Shrotriendard should be given the option of either having the reduction of Rupees 81-6-9 made permanent, or of having the tunnel constructed as proposed. The balance still due by the Shrotriendard after the adjustment, should be collected.

Pothureddipolliem.

11. As to this village, the Collector recommends an annual reduction of quit-rent taking the value of certain land claimed as wet at the same rate as that adopted for dry land, because the land was reported to be uncultivable with wet crops from want of water. The Board consider that if the land was classed as wet the Shrotriendard is fairly entitled to a compensation calculated on the usual assessment of wet lands in the neighbourhood, and they recommend that Mr. Dykes be required to submit a revised proposal for this village. He should also take the opportunity of affording more complete information respecting the Shrotriendard's claim to compensation for the 8 Gorus of land stated to be left waste in consequence of the line of Railway having intercepted the means of ingress, for if the land has been actually left waste, the Shrotriendard is entitled to some compensation.

12. In the first letter recorded at the head of these Proceedings, the Collector recommends that a sum of Rupees 6,987-14-4, being the arrears withheld by the Shrotriendards of the thirteen villages mentioned above in consequence of compensation due to them for lands taken up for public purposes, be remitted. If to this is added Rupees 52-1-9, the arrears against Ogurapadu Shrotriem for Fasli 1271, being the loss sustained by renting the village when it was under resumption, the entire arrears to be remitted amount to Rupees 7,040-3-1, as will be seen from Column 10 of the Statement which accompanied the Collector's second letter. The total of this Column has been altered from Rupees 7,038-12-1 to 7,040-3-1, as this slight difference was found in the arrears due on one of the Shrotriems, on comparing the sum with the other Statement showing the Fasliwar particulars of arrears.

13. Out of the arrears above referred to those on account of Faslis up to 1272 including Stallakurnums Roosooms amount, according to the present Statement, to Rupees 6,257-4-6, of which a sum of Rupees 6,151-5-3 has already been recommended for remission in paragraph 58 of the Settlement Report for Fasli 1273. The remaining arrears of Faslis up to 1272 amount to Rupees 105-15-3, and this sum, as well as the arrears of Fasli 1273, viz., Rupees 782-14-7, making together Rupees 888-13-10, should be written off the account, for which the sanction of Government is requested.

14. The particulars of the Shrotriems to which the whole arrears appertain are given below:—

Villages.	Arrears to be remitted.		
	RS.	A.	P.
1. Gangavaram	732	12	9
2. Sujjapuram... ..	1,905	0	1
3. Velicherla	20	10	0
4. Ambapuram	195	5	0
5. Veligantipolliem	1,860	0	10

9. Ragavaramapuram.	26	0	2
10. Thokalapudi	20	14	6
11. Cheruvellakandriga	83	10	0
12. Seetharamapuram.	73	9	1
13. Hissa Somarajapalli... ..	...	...	...
	6,987	14	4
Ogurupadu... ..	52	4	9
Total	7,040	3	1

15. The refunds and money payments recommended in paragraph 8 requiring the sanction of Government amount, in the aggregate, to Rupees 1,209-2-6.* The permanent reduction of the quit-rent proposed in the case of seven villages is Rupees 774-6-6, and the amount of future quit-rent in each case is given in the following abstract:—

Villages.	Present Jodi.			Amount of reduction proposed.	Future Jodi.		
	RS.	A.	P.		RS.	A.	P.
Sujjapooram	383	2	1	229	5	0	153 13 1
Velicherla	354	0	0	5	7	1	343 8 11
Veligantipolliem	619	1	8	230	10	2	418 7 6

Seetharamapuram	509	0	0	46	13	0	462 3 0
Hissa Somarajapalli	777	0	0	10	8	6	766 7 6
Thimmiapolliem	1,021	11	11	237	3	9	784 8 2
Total	3,930	15	8	774	6	6	3,156 9 2

16. The temporary remission of quit-rent, recommended in the case of the three Shrotriem villages referred to in paragraph 8, will be rendered unnecessary when the lands become available for cultivation. The Collector will be requested, in these cases, to recommend the sums for remission in his Annual Settlement Report.

Revenue Department

No. 622.

Proceedings of the Madras Government
Under date the 21st March 1865.

Read the following
Proceedings of the Board of
Revenue.

Submitting with re-
marks letter from the Collector
of Nellore forwarding State-
ments showing the present
position of all the Shrotriem
villages in the District, and the
balances outstanding against some
of them.

(Here enter 28th Feb^y 1865
No. 1184.)

1. The Board have now
completed the information
called for in the Order of
Government dated the 24th
December 1859, No. 1762 with
respect to the Shrotriems
balances in the Nellore
district, and they express
their satisfaction at
finding that the settle-
ment of this troublesome
question

PROCEEDINGS OF THE BOARD

Dated 28th February 1865.
J. B. Lee
C. 2. 02

No 1,184.

J. B. Lee No. 622. 21st

Submitting with remarks letter
for of Nellore forwarding State-
ments showing the present
position of all the Shrotri-
em villages, and the balances out-
standing against some of them.

Exd. R. H. Lee.

C. 15. 11. 1865

question has at last been effected.

2. The balance outstanding against the whole of these villages, including Ambapuram which is said by the Collector to have been resumed/amounted on the 31st October last to

Rs 9,489 - 1 - 11. In 13 of the villages compensation to the amount of Rs 7,036 - 12 - 1 is said to be due on account

of damage done to the proprietors by the making of roads through their lands and the execution of other govt

works, when this is paid a real balance of Rs 2,452 - 5 - 10 will remain and the Collector believes that the whole of this sum is recoverable with the exception of Rs 1,394 - 8 - 5 due from the village of Ambapuram mentioned above.

3. The compensation due to the proprietors of the 10 villages

noted in the margin has been calculated by the Collector in accordance with the rules approved of by Government in their order of the 2nd September 1864. Rs 1599, and is considered equitable by the Board. Accordingly a permanent remission of quit rent in 7 villages, and a refund of Rs 1027 - 8 - 8 as well as compensation for damaged crops

Rs 180 - 10 - 1 are sanctioned. In the other villages ~~where~~ temporary loss only was suffered & the small amount of Rs 0 - 15 - 9 will have to be refunded.

4. The village of Ambapuram has already been resumed by the Collector, but it appears that the late proprietor had at the time of resumption a claim for compensation against Government to the amount of Rs 195 - 5 - 0. The Board consider that the resumption was on this account irregular, and recommend that the village be restored to the Shrotriendar at a quit rent reduced to Rs 39 - 1 - 0. Government

Total	774-6-6	1027-8-8	180-10-1

Rs 1599, and is considered equitable by the Board. Accordingly a permanent remission of quit rent in 7 villages, and a refund of Rs 1027 - 8 - 8 as well as compensation for damaged crops

Rs 180 - 10 - 1 are sanctioned. In the other villages ~~where~~ temporary loss only was suffered & the small amount of Rs 0 - 15 - 9 will have to be refunded.

4. The village of Ambapuram has already been resumed by the Collector, but it appears that the late proprietor had at the time of resumption a claim for compensation against Government to the amount of Rs 195 - 5 - 0. The Board consider that the resumption was on this account irregular, and recommend that the village be restored to the Shrotriendar at a quit rent reduced to Rs 39 - 1 - 0. Government

adverting to the fact that
the claim is so small in
comparison with the arrears
and to the statement of the
Collector that there is no
hope that the arrears will
ever be paid on account of
internal dissensions amongst
the proprietors are not of
opinion that the Shrotriendari
is entitled ^{of right} to have his
village restored to him.

They will not however
object to the course recom-
mended by the Board. The

Shrotriendari will be in-
formed that if he pays

the outstanding balance
of Rs 1,394-8-5 within
reasonable fixed time

his village will be
restored at the re-

duced quitrent,
and that if he does not

do so the resumption
will be made absolute.

The

Letter to Board 17th
September 1863 No 305
para 5.

5 In Bangalore
it would appear that
damage to the annual
amount of Rs 81-6-9 has
been caused by a road
which has cut off the
supply of water from the
wet lands. A tunnel
made under this road
would at once renew
the supply, and the Col-
lector proposes that a
reduced quitrent of Rs
31-14-8 should be charged
till the tunnel is con-
structed. The Board
on the other hand con-
sider that the Shrotriendari
should be given the
option either of having
the reduction of Rs 81-6-9
made permanent or of
having the tunnel con-
structed. Government
are unable to agree either
with the Collector or with
the

the Board. The tunnel
ought to have been con-
structed at the same time
as the road, and will
be at once taken in
hand. } The Shrotriens,
through want of irrigation,
suffer loss up to the time the
tunnel is completed, by loss of
water, and this permanent
loss through land taken
up in the road will
then be deducted from
the arrears, and the
remainder will be
collected. -

6. In Polthuredipolthim
there is a question as to
the amount of compensa-
tion which should be
given for land rated as
wheat, which however
has always been destitute
of means of irrigation.
The collector considers
that it should be re-
garded as dry land.
The Board think -
the

The collector will
at once communicate
with the Superintending
Engineer with view
to bring taken in
hand at once

the Shrotriens can
claim to have it regarded
as irrigated land and
so ought to be paid the
higher rate of compensa-
tion. Government observe
that the question as to
the amount of compensa-
tion depends entirely
on the actual value
of the land ^{when taken up} which must
be calculated with re-
ference both to the fact
that the land has never
hitherto been supplied
with water, and to the
fact that it would be
entitled to water if any
future work should af-
ford the means of ir-
rigation. Government
agree with the Board
that more complete
information is required
as to the land said to
be left waste, in consequence
of

of the line of railway
having intercepted the
means of ingress.—

7. At the recom-
mendation of the Board,
Government sanction the
remission of Rs. 1987-14-4

due for the 13 villages
as shown in the margin
mentioned above, and

Rs. 52-4-9 the arrears
standing against Oga-
rupadu for Tash 1273
when it was under
management.

8. The total amount
remitted is therefore
Rs. 1987-14-4. In
addition to this a refund
of Rs. 1209-2-6 has to be
made and quit rent
will be permanently re-
duced by Rs. 774-6-6, and
the Board now recom-
mend that the remain-
der also may be written
off. This arrangement
is

8. It is thus finally settling the question Govern-
ment ^{have} resolved to remit
tion money payments
amounting to Rs. 1209-2-6,
permanent reduction of
quit rent in 7 villages
amounting annually
to Rs. 774-6-6, and remis-
sion of Rs. 7040-3-1 of ac-
cumulated arrears.—
