*Proceedings of the Madras Government, Revenue Department,
30th March 1865.*

No. 510. Read the following Proceedings of the Board of Revenue, dated 14th March 1865.
Read the following letter from W. M. CADELL, Esq., Collector of Tanjore, to R. A. DALYELL,
Esq., Acting Secretary to the Board of Revenue, dated Tanjore, 3rd March 1865,
No. 69:—

SIR,

1. With reference to extract from the Proceedings of the Board, under date the 28th ultimo, and enclosing an Order of Government of the 23rd idem, No. 409, I have the honor herewith to forward copy of a letter addressed by me to Mr. Ricketts on the 28th ultimo.

2. I regret to say that up to this date no information of the actual commencement of the manufacture of salt at Negapatam has yet reached me, and I am inclined to think that there is a combination amongst the Salt Mirassidars there not to manufacture salt in the way prescribed by Mr. Clarke. I shall, however, proceed myself to Negapatam in a day or two, and if I find this to be the case, I shall not fail to adopt the most rigorous measures which I am permitted to exercise by law.

Submitted to Government, with reference to the Government Order quoted by the Collector. The Board are satisfied that Mr. Cadell will make every effort to push on the manufacture of salt at Negapatam.

ORDER THEREON, 30th March 1865, No. 699.

Separate Revenue, No. 23.
<i>Salt.</i>

1. The attention of the Superintending Engineer will be specially drawn by the Public Works Department to the early completion of the canal from Vadarniem to Negapatam. When the communication is open throughout, the Collector will be able effectually to cope with any combination on the part of the manufacturers at Negapatam.

2. The Government wish to be furnished with a sketch, on a moderately large scale, shewing the line of water communication between Negapatam and Vadarniem, and the portions completed and remaining to be completed. They also wish to know for how many and what months salt may be conveyed from Vadarniem to Negapatam without difficulty, when the canal is finished, and the probable date of its completion throughout.

ENCLOSURE No. 1.

From W. M. CADELL, Esq., Collector of Tanjore, to E. G. RICKETTS, Esq., Deputy Collector, Salt Department, dated 28th February 1865, No. 212.

1. The Board of Revenue have, in their Proceedings of the 17th instant, remarked on the state of the stock of salt at Negapatam, and as from the return just received from your office, it appears that no salt was manufactured at that station up to the 16th, I have the honor to call your most special and particular attention to the matter, and to request you will call upon the Salt Mirassidars at once to set to work vigorously.

2. As you are aware, I have asked and obtained for these Mirassidars an increased rate of Kudiwarum, and if, after this, they refuse to carry on the manufacture as desired, I request you will inform them that I shall, after this warning, proceed against them according to law. I beg, therefore, you will at once call up the leading Mirassidars and inform them of this determination, and that if they continue tacitly to throw difficulties in the way of making a good and saleable salt, they must be prepared to take the consequences.

3. I request also you will issue general orders to all the Divisions, urging on the Superintendents to push on the manufacture with all possible vigor.

(True Copy.)

(Signed) W. M. CADELL,
Collector.

Submitted to Government with reference to the Government Order quoted by the Collector. The Board are satisfied that Mr. Cadell will make every effort to push on the manufacture of salt at Negapatam.
