Proceedings of the Madras Government, Public Department,
1st May 1865.

Read the following papers:—

No. 3. From Lieutenant Colonel J. C. ANDERSON, R. E., Superintending Engineer, 2nd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department of Public Works; dated Masulipatam, 13th March 1865, No. 147.

I have the honor to submit, for the order of Government, a copy of a letter I have received from the Collector of Nellore, requesting that the sum of Rupees 35, which is required for the repair of the Civil Dispensary, Nellore, may be appropriated from "Imperial Funds."

2. I am under the impression that Government have already ordered that Civil Dispensaries should be self-supporting, and that, although they may contribute towards the original cost of the building, they do not intend to defray the expense of maintaining it. I cannot, however, lay my hand on the Government order on the subject, my office records having been thrown into great disorder by the cyclone of 1st November, and, therefore, have to trouble the Government with this reference.

From J. W. B. DYKES, Esq, Collector of Nellore, to Lieutenant Colonel J. C. ANDERSON, R. E., Superintending Engineer, 2nd Division; dated Gundararam, 20th February 1865, No. 28.

I have the honor to acknowledge the receipt of your docket, No. 458 of 1864-65, dated 13th December 1864, to the address of the Officer in charge of the Nellore Range (copy of which he has, at my request, furnished me), in regard to an estimate* for repairing the Civil Dispensary at Nellore, which you observe should be defrayed from the funds of the Dispensary, as Government have decided that Dispensaries should be self-supporting.

* Rupees 35.

2. In the Government Notification† on this subject you will, however, observe it is stated (paragraph 3) that the Government "expect the local public to provide the necessary funds for the food, clothing, and attendance required;" but no allusion is made to the repairs or maintenance of the buildings themselves. It is not usual to allow public buildings to be repaired otherwise than at the public expense; and I am of opinion no such step was contemplated in this instance. I have the honor, therefore, to request your re-consideration of the matter, and that you will be so good as to authorize the estimate referred to being carried out, should you agree in the above views.

† Dated 11th June 1863, published at page 997 of the Fort Saint George Gazette of the 16th idem.

3. Should you still be of opinion that the Dispensary funds should bear the cost of repairs of the building and such like, I have the honor to request you will be so good as to submit the point for the orders of Government.

(True Copy).

Supg. Engineer, 2nd Division.
