

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.G.O. No. 1041 Press
Mis.

Dated 2 - 5 - 1866.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
2nd May 1866.*

No. 40. Read the following letter from the Officiating Principal Inspector General, Medical Department, to the Secretary to Government, Revenue Department, dated Fort Saint George, 27th April 1866, No. 155 :—

1. With reference to the Order of Government No. 764 of 28th March 1866, I have the honor to bring to the notice of the Right Honorable the Governor in Council that Assistant Surgeon J. Keess, Civil Surgeon Kurnool, has been good enough to volunteer to carry out the experiments now about to be instituted to test the efficacy of the new Alkaloids at Goodaloor, in the Wynad.

2. Goodaloor is one of the most feverish places in the feverish District of Wynad. Lately a small Dispensary has been established there, to which is attached an Assistant Apothecary; but to carry out the inquiry satisfactorily at such a place, it will be a great assistance to have an intelligent Officer like Dr. Keess, who might also visit other feverish places in the District.

3. Should His Excellency the Governor in Council be pleased to sanction the employment of Dr. Keess on this duty, as the privation and risk he will be subjected to will be equal to those of Dr. Dougall, I respectfully suggest that he be also placed under the provisions of paragraph 4 of Order No. 764 of 28th March 1866.

4. I beg to forward the tabulated form intended to be sent out, and request you will do me the favor of having it printed on the same description of paper as the form sent, with as much expedition as possible.

5. Each investigator will require at least one sheet or form for each of the three Alkaloids, and also one for Quinium. I think one thousand of the tabulated forms will be required, but half the number need only be supplied at first.

No. 41. ORDER THEREON, 2nd May 1866, No. 1,041.

Miscellaneous.

1. The Government sanction the temporary employment of Dr. Keess in the Wynad Talook, and authorize the grant to him while so employed of a personal allowance of 10 Rupees per diem, besides travelling allowance.

2. The Government consider that advantage should be taken of this opportunity to test also the efficacy of the bark, twigs and leaves of the Neilgherry Chin-chonas as a simple decoction. Mr. McIvor will furnish Mr. Shaw with such quantities of all three as he may require, and Mr. Shaw will include this experiment in his programme.

3. The Superintendent of the Gazette Press will comply with Mr. Shaw's requisition for forms.

(True Extract.)

(Signed) J. D. SIM,

Secretary to Government.

To the Principal Inspector General Medical Department.
,, the Military Department.
,, the Accountant General.
To W. G. McIvor.
To the Acting Superintendent Government Press.

Exd. S. T. Augustin.

22. 10. 41. (2)

✓ The Govt. sanction the temporary employment of Mr. Keer in the Nagpur Talook and authorize the payment to him while so employed of a personal allowance of 10 Rs per mensem, besides travelling allowance.

The Sup^t of the Fayette
Press will kindly visit
Mr. Shaw's plantation for
farms. C. S. S.
