*Proceedings of the Madras Government, Marine Department,
27th April 1866.*

No. 38. Read the following letter from the Superintendent of Marine, to the Chief Secretary to Government, Fort Saint George; dated Madras, 20th April 1866, No. 1633.

I had the honor to bring to the notice of Government, in my letter of the 6th ultimo, No. 1027, that the Examiner of Claims had intimated his intention of refusing to admit, after the end of February, a charge of 3 Rupees a month, which had been for some time allowed as the contribution from the Marine Office for watering the 1st Line Beach, unless the sanction of Government were obtained. The Order thereon dis-

allowing the outlay was not received till after the middle of the month, and consequently the

charge was incurred for March, for which I solicit sanction.

2. In doing so, however, I would likewise respectfully solicit a reconsideration of the question. The dustraised on the 1st Line Beach, and more particularly in the vicinity of the Custom House, by the constant transit of cargo outwards and inwards, is so great, that, without watering, it becomes, not only a nuisance to individuals, but is positively destructive to Government property. Referring to my own Department, I may instance books, papers, charts, and office furniture that are injured by it. Private Firms on the beach, finding this to be the case, readily subscribed, in their corporate capacity, towards mitigating the evil, and I trust Government will not object to sanction a fair proportion being paid for their own offices.

No. 39. ORDER THEREON, 27th April 1866, No. 102.

On further consideration, the Governor in Council is disposed to think that the charge referred to in the foregoing letter is one which may properly be borne by Government. He accordingly authorizes the payment of the sum of Rupees (3) three per mensem, as the share to be borne by Government, on account of the Office of the Superintendent of Marine, of the cost of watering the 1st Line Beach.
