*Proceedings of the Madras Government, Revenue Department,
4th May 1866.*

No. 94. Read the following Proceedings of the Board of Revenue, dated 26th April 1866:—

Statement shewing the state of the season in the District of Nellore up to 15th April 1866.

Rain fall.	State of the crops and the cultivation operations.	Prices, whether high or low, rising, falling, or stationary.]	Further Remarks.
There was no rain excepting 1.25 inch in Udayagiri and 0.1½ inch in Atmakuru Talooks, from 1st to 15th April 1866. Gundlakamma and Musi rivers in Ongole and Palair river in Kandukuru Talook have received a small supply of water by rain in western places, which is beneficial to the people and cattle on the borders of those rivers.	In some villages of the Talooks of Kavali and Kandukuru the wet crops are withering for want of water. The crops where they are ready are being harvested. There is no cultivation operation at present.	Prices are on the rise, large quantities of grain being purchased by merchants from Bellary, Cuddapah, and Kurnool Districts.	There is small-pox and cattle disease in the Talooks of Nellore, Atmakuru Kavali, Kandukuru and Ongole. The want of pasturage and water in the Talooks of Kavali and Udayageri is being felt. A thunder bolt fell down on Cholem heaps at Ponguru in Atmakuru Talook on the 2nd instant, and burnt the crop.

NELLORE,
21st April 1866.
