*Proceedings of the Madras Government, Revenue Department,
4th May 1866.*

No. 100. Read the following Proceedings of the Board of Revenue, dated 23rd April 1866, No. 2,826.

Read the following letter from the Collector of Bellary, to the Secretary to the Board of Revenue, dated Camp at Rayelchervu, Tadpatri Talook, 21st March 1866, No. 50 :—

With reference to the Proceedings of the Board of Revenue, No. 8,200, dated 22nd December 1864, regarding the experiments relating to the Survey Settlement of the District, I have the honor to state that as this year was a very bad one, and the crops reaped were too scanty to admit of a fair judgment being formed, I am unable for the present to submit any report of the kind expected by the Board, which would be of any practical use.

1. Submitted for the information of Government, with reference to Government Order, dated 12th December 1864, No. 2,243, Revenue Department.

2. The Board anticipate similar replies from most of the Districts, and fear that the present season is equally unsuited for affording by itself a fair test of the productive value of soils. At the same time they do not consider the reason sufficient for making no experiments, as it is eminently desirable that the test should include both good and bad seasons. There is nothing to prevent its being extended over more than one year.

No. 101. ORDER THEREON, 4th May 1866, No. 1,070.
