MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following:—

Military Despatch from the Right Honorable the Secretary of State for India, India Office, London, 17th March 1866, No. 19; to the Right Honorable the Governor in Council, Fort Saint George.

1. With your letter No. 408, dated the 19th December last, you forward an Indent for certain agricultural implements, required for the use of the Remount Depot Farm at Oosoor, and recommend compliance therewith.

2. From the correspondence forwarded with the above letter, I learn that a large number of implements have been already supplied to this Farm by your Government.

3. Many of these implements which were sent out from this country appear to have been transferred from the Revenue Department to the Depot Farm, but in the accounts connected with operations of the Farm, received with your letter No. 337, dated the 25th October last, I do not find that their cost has been charged, as it should be, to the Farm.

4. With reference to the term "experimental," applied to the Farm in your letter above referred to, I understand that the establishment has been created solely with a view of endeavouring to reduce the cost of the horses maintained at the Remount Depot, so long as that establishment shall be continued, and I desire that with this view only it may be considered experimental.

5. Should your Government desire to maintain an experimental or model Farm, with a view to the introduction of an improved system of agriculture, such an institution should be under the Revenue Department, and entirely unconnected with the Remount Depot.

6. The Indent now received will be complied with, but I request that the value of these implements, together with that of all tools and machinery previously supplied, may be charged against the Farm in future periodical accounts, and that those accounts may be prepared in the proper form of an account current of receipts and expenditure, in preference to the tabular form adopted in the statement forwarded with your letter No. 337 of the 25th October last.

ORDER, No. 1507, 28th April 1866.

2. The instructions contained in the concluding paragraph of the foregoing Despatch will be attended to by the Remount Agent in the preparation of future periodical accounts connected with the Depot Farm.
