Proceedings of the Madras Government, Public Works Department.
28th April 1866.

No. 689. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 27th April 1866, No. 5,140:—

1. With reference to the latter clause of paragraph 13 of G. O. No. 952, dated 23rd March 1866, I have the honor to report, that in ordering the extension of the palisading in front of the Sea Custom House, on emergency, I had in view the need of getting through during the year the funds at my disposal, for I did not then know that my 'demands' for additional grants would be much in excess of my savings. I cannot say that any great inconvenience would have arisen had the palisading been allowed to remain until 1866-67, unextended, as it had been for years. There was, however, an extremely untidy appearance in the space in front of the Master Attendant's Office, requiring to be newly railed in, a sort of barrier having been raised of old pieces of 'catamarans' ropes, and old anchors, intended, as the Superintendent of Marine once informed me, to keep off to some extent the herd who flock around the Marine Offices.

1 Estimate.

2. I take this opportunity of forwarding for sanction an estimate, Rupees 430, for the work, to meet which a sum of Rupees 100 was granted in the Re-distribution Statement embodied in the G. O. under reply. The further sum, Rupees 330, will be included in my final 'further demands' Statement to be submitted on 28th instant.

No. 690. ORDER THEREON, 28th April 1866, No. 1,359.

CIVIL WORKS, No. 98.

The estimate submitted with this letter, amounting to Rupees 430, for extending the palisading in front of the

Sea Custom House, is sanctioned; but Colonel Boileau's attention will be drawn to the Orders of Government which were communicated to him in Proceeding No. 1,253 of the 23rd instant.
