Proceedings of the Madras Government, Public Works Department.
7th May 1866.

No. 102. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 28th April 1866, No. 5,186:—

1. With reference to paragraph 1 of G. O. No. 1,262, dated 23rd April 1866, I have the honor to report, that an extract from a statement received from the Agent and Manager of the Madras Railway Company, showing the number of tanks which are situated in the neighbourhood of and above the North-West-Line of Railway unprovided with calingulahs, and otherwise requiring repair, was furnished to me by the Officer in charge of the Office of the Consulting Engineer of Railways on the 30th October 1865.

2. On the 2nd November 1865 the list was forwarded to the Executive Agent, Chendragherry Range, for the submission of the necessary estimates, which were duly received in this Office on the 15th December 1865.

3. The estimates, two only of which were for Sirkar tanks, were transmitted on the 3rd January 1866 to the Collector of North Arcot for approval, with a request that those for tanks in the Zemindari tracts might be handed over to the Zemindar for execution.

4. The Acting Consulting Engineer for Railways again called my attention to the subject on the 5th April 1866, and on the 13th idem a reminder was sent to the Collector of North Arcot, requesting a reply to my letter forwarding the estimates for the works, but no reply has as yet been furnished.

No. 103. Order thereon, 7th May 1866, No. 1,460.
