*Proceedings of the Madras Government, Revenue Department,
22nd May 1866.*

No. 387. Read the following Proceedings of the Madras Government in the
Public Works Department:—

Recording a letter from the Acting Consulting
Engineer for Railways, reporting on the mea-
sures that have been taken for the repair of
certain tanks adjoining the North-West
Railway. (Here enter 14th May 1866, No. 1,541.)

No. 388. ORDER THEREON, 22nd May 1866, No. 1,212.
Communicated to the Board of Revenue.

Miscellaneous.

(True Extract.)

(Signed) J. GROSE,
Under Secretary to Government.

To the Board of Revenue, with Proceedings Public Works Department, No. 1,541.

Encl. S. T. Augustin.

Proceedings of the Madras Government, Public Works Department.
14th May 1866.

No. 350. Read the following letter from the Acting Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 9th May 1866, No. 207 :—

1. With reference to G. O. dated the 23rd ultimo, No. 1,262, I have the honor to state that I learn from the Superintending Engineer, 3rd Division, that estimates for calingulaks for tanks adjoining the North-West Railway have been called for, but have not yet been received.

2. The Superintending Engineer, 4th Division, has forwarded for my perusal the correspondence which has passed between himself and the Collector of North Arcot. From this I gather that sixteen estimates were prepared by the Superintending Engineer's Department for the repair, &c., of tanks. Of these eleven belonged to works in the Zemindary of Kavatnuggur, three to works in the Kircumbady Poligar's estimate, and the remaining two to Government works in the Wallajah Taluq.

3. Mr. Barlow, the Sub-Collector in charge of the District of North Arcot, states that he has requested the Zemindar of Kavatnuggur, and the Polygar of Kircumbady, to have the tanks in their respective estates repaired with the least delay practicable, and that he has called upon the Tahsildar of the Wallajah Taluq to forward the usual Ayacut Statements, on the receipt of which the estimates will be returned to the Superintending Engineer.

4. Mr. Barlow, in a letter to my address, dated the 2nd instant, writes that the estimates were forwarded to the Kavatnuggur Zemindar "with a request that he would at once cause the tanks, for the repair of which they had been framed, to be put in thorough order. This request has been since again pressed, and the Zemindar has been informed of the responsibility he incurs if any loss to the Railway is caused by his neglect of necessary repairs."

5. Since the above was written, I have been favored with G. O. dated the 7th instant, No. 1,469, embodying a letter from the Superintending Engineer, 4th Division, explaining what had been done by him upon the receipt of my letters, regarding the tanks on the North-West Railway.

No. 351. ORDER THEREON, 14th May 1866, No. 1,541.

RAILWAY, No. 33.

Ordered to be recorded.

(True Extract.)

Colonel, R. E.,
