*Proceedings of the Madras Government, Revenue Department,
28th May 1866.*

No. 487. Read the following letter from the Officiating Inám Commissioner, to the Secretary to Government, Revenue Department, Fort Saint George, dated Coimbatore, 14th April 1866, No. 29 :—

1. In their Order of the 9th February last, No. 361, the Government directed that a report should be made in the middle of this month, shewing how the work of this Department had progressed, and what additional Establishment was then found to be necessary.

Description of work	Number remaining to be disposed of.
Cases for review	3,000
Records of enquiry received from Tahsildars on Appeal Petitions referred to them	750
Appeal Petitions	2,700

2. The progress of the work has been already reported from month to month, and what remains to be done on this date will be seen from the marginal statement.

3. Though the quantity of work under each head has been, as will be seen, very considerably reduced, still I cannot undertake to say that the remaining business can be done without the Establishment solicited in my letter of the 24th January last, No. 6. Both Petitions and Appeal records are items of work, for the disposal of which no precise calculation of time can be made, besides which I cannot possibly estimate what number of each will be received before September. The current duties of the Office, including correspondence with the various Collectors, also continue to be as heavy as they were at the date of my last report. For these reasons I do not feel at liberty to say that there will be less work than would require the services of the three Officers whose retention I proposed.

4. As regards the other items of expenditure reported in my letter to be contingent on the stay of the Office at Coimbatore, I beg to state that I ascertained by personal enquiry while at Madras at Easter, that it was somewhat uncertain when the accommodation that is to be provided for my Establishment in the Office of the Board of Revenue would be available, but that it would not be ready before the 1st proximo at the earliest. I have, therefore, thought it advisable to retain in the estimate the additional Peons, &c., for a period of three months. The sum of Rupees 2,000 for the expenses of removing the Office to Madras is still required, as the money sanctioned under this head in last year's Supplemental Budget cannot be spent after the end of the present month. Provision for additional house-rent and for the pay of a Dresser is no longer necessary, the Board of Revenue having promised the necessary accommodation in their Office, and the services of a Dresser having been dispensed with, as directed by Government, from the 1st of this month.

5. Under the above views, the aggregate of the sums which would have to be provided for in addition to the Budget would be Rupees 7,253, as detailed below :—

For Deputy Collectors T. Krishna Row and C. Parthasaradhi	RS.
Aiyangar for six months	3,600
For their Establishments for six months	1,392
For removal of Office to Madras	2,000
For additional Peons, &c., for three months	261
Total	7,253
