No. 24. Read the following Proceedings of the Board of Revenue, dated 23rd May 1866.

I have the honor to annex copy of a letter from the Superintendent of Pearl Banks, Tuticorin, and to request that sanction may be accorded for the arrangements therein proposed, and the disbursement of Rupees 26 per mensem.

1. I have the honor to report, for the information of Government, that the works at the Pearl Oyster Nursery being completed, I have this morning taken charge of the same.

3. The surrounding walls are strengthened on the outside with Palmirah-wood piles, these will, I hope, protect the works from the sea until such time as sufficient heavy stones can be obtained to take their place.

5. The works are now in good repair ; for the up-keep of the same, I propose employing the establishment as per margin. The post of Head Tindal should, I think, be given to Kytan, Tindal of the Pearl Fishery Establishment, and he should draw the salary in addition to his present pay as Tindal of the Schooner " Emily ;" and as the Tindal of the

there is still work to be done at the nursery to make it more complete, and as the Tindal of the guard boats must continue to land the heavy stone, I think that this addition to his salary, after six years' service, will tend to make him more active and useful, and also give him an interest in the success of the undertaking.

7. I annex a list of articles received with the nursery.
