26th May 1866.*

No. 627. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Madura, 12th May 1866, No. 100 :—

I have the honor to report, that on the receipt of G. O. No. 1,213, of the 18th ultimo, I ascertained by telegraph from Paumbem, that a sum of Rupees 1,250 would remain unexpended out of the available funds. It did not appear probable that there was any money to spare in Tinnevely, and as there was a very large credit in the first Range, Madura, I wrote to the Range Officer to remit, if he could, Rupees 1,246-15-9 to the Collector of Tinnevely. Transfer receipts were accordingly sent to the Collector of Tinnevely for the above named two sums, which together make up Rupees 2,496-15-9, the amount required to adjust the advance for compensation for lands taken up for public purposes in the year 1864-65. The money has been obtained from first Range, Madura.
