Budget Estimate of the Revenue Survey Department for the official year 1866-67. } (Here enter 28th Nov. 1865, No. 1,323-58.)

No. 268. ORDER THEREON, 17th January 1866, No. 137.

Miscellaneous.

1. The Budget Estimate of Charges submitted by the Superintendent of Revenue Survey for 1866-67 amounts to Rupees 6,47,644 against Rupees 4,50,000, the estimate sanctioned by the Government of India for 1865-66, and Rupees 4,36,086, the actual expenditure in 1864-65.

2. The increase above the passed Budget for the current year amounts to Rupees 1,97,644. Of this the sum of Rupees 1,10,336 is on account of the additional Survey and Demarcation parties required. The Ganjam Survey and Demarcation parties have been approved in the Order of Government, dated 28th

November 1865. The sum passed in this Order for the former party was Rupees 49,813, but that entered in the Budget now before Government is Rs. 50,838; the round sum of Rupees 50,000 will be passed. The Acting Superintendent has not yet submitted his separate application for the Madras Demarcation party. He will be requested to do this at an early date, and in the meanwhile the sum entered in the Budget is passed provisionally.

3. The increase on account of the Central Office and the parties entered in the Budget for the current year is Rupees 87,208. The excess of Rupees 11,946 under the Central Office is owing chiefly to increase in the Regimental allowance of the Superintendent, and to full provision having been made for the establishments according to the sanctioned scale. The sums entered under the other items appear reasonable with reference to the actual expenditure in 1864-65, and cannot be reduced. A large increase (Rupees 15,600) occurs under the head "Deputy and Assistant Superintendents," in consequence of the Acting Superintendent having provided higher salaries for some of these Officers at the rates proposed by this Government, but not sanctioned by the Government of India in their Financial Proceedings, dated 7th October 1865, No. 2,752. Major Hessey has apparently misunderstood that portion of paragraph 12 of the Order of the Government of India wherein they say that "if any of the Civil Officers are particularly deserving of an increase of salary it may be specially recommended in their favor." He should from time to time submit separate applications in behalf of such officers as he may consider deserving of higher salaries, as he has already done in three instances, but till the applications are sanctioned by the Supreme Government the provision usually made in the Budget cannot be raised. The sums thus entered without sufficient authority will be struck out. The increase in the number of Officers not explained will also be struck out.

sanctioned scale for each party, while the regular estimate was largely reduced to meet the retrenchment of Rupees 50,000 made by the Government of India. Under the Budget rules, establishments should be provided for agreeably to sanctioned scales, and the Government will not therefore interfere with the sums entered by Major Hessey.

6. Office rent was provided for at the rates sanctioned in the Order of Government dated 12th May 1865, No. 1,004, and the small increase under the other items needs no special notice.

Under date the 17th January/66.*

*Read the following
Report by the
Off^r of the Supt^r of Rev.
Survey for 1866/67.*

Subtracting

The Budget estimate of charges submitted by the Superintendent of Rev^y Survey for 1866/67 amounts to Rs 6,47,641, against Rs 4,50,000, the estimate sanctioned by the Gov^t of India for 1865/66 & Rs 4,36,086, the actual expenditure in 1864/65.

The increase above the Budget for the current year amounts to Rs 1,97,544. Of this

the sum of Rs 1,10,336 is on ac^t of the additional Survey and demarcation parties appointed to the Ganjam Survey and

Demarcation

*Ganjam Survey party Rs. 50,838

Demarcation parties have been approved in the order of Govt dated 28th Nov 1865. The sum passed in this order for the former party was Rs. 49,813, but that entered in the Budget now before Government is Rs. 50,838; the round sum of Rs. 50,000 will be passed. The Rs. Superintendent has not yet submitted his separate application for the Madras Demarcation party. He will be requested to do this at an early date, and in the meanwhile the sum entered in the Budget

Rs. 11,946 under the office is owing chiefly in the Regimental of the Supt., and provision having to be made for the establishment according to the scale. The sums under the other items are reasonable with reference to the actual expenditure of 1864/65 and cannot be reduced.

Budget is passed provisionally.

The increase in the central office and account of the parties entered in the Budget for the current year is Rs.

There is a large
increase (Rs 32,250)
under establishments
above the estimate for the
current year. As the

Superintendent states,

rules, establishments should

be provided for agreeably
to the sanctioned scale, and

the Govtⁿ will not therefore
interfere with the sums

entered by Major Hessay.

The provision of £2,687 6 made under the items noted in the margin is large. It can be reduced safely to £2,53,500 with reference to the actual expenditure of 1864/65 and the Budget of the current year.

Office rent was provided for at the rates sanctioned in the order of Government dated 12th May 1865 No. 1004, & the small increases under the other items need no special notice.

The sum passed by Govt is £2,61,600 as shown below.
