Read the following letter from the Collector of Coimbatore, to the Secretary to the Board of Revenue, dated 27th March 1866, No. 84:—

If Government will let me have Thermometers, shewing the maximum and minimum range of the mercury in the twenty-four hours, I will ask Mr. Lowry, who is opening out land on the Annamallays, to keep a daily register of the temperature on his part of the hills. Statistics of this kind will prove valuable. Perhaps it will be well to send a Barometer also.
