*Proceedings of the Madras Government, Revenue Department,
9th June 1866.*

No. 224. Read the following Proceedings of the Board of Revenue, dated 4th June 1866.

Read again Board's Proceedings, 29th May 1866, No. 3,696.

Read also the following letter from the Collector of Sea Customs, to the Secretary to the Board of Revenue, dated Madras, 31st May 1866, No. 526 :—

1. In reply to Board's Proceedings of the 29th instant, I have the honor to report that the Stamp Office is benefited by, but does not contribute to, the expense of watering the Beach Road.

2. In July 1864, at the request of several merchants and others whose Offices were on the Beach, I made arrangements with a Contractor for watering the road. The present cost is 150 Rupees per mensem, the Municipal Commissioners paying half the amount; the number and amount of contributions are given in the margin. At present there is an excess of 3 Rupees, but a short time ago there was a small deficiency; it is necessary to have a small surplus to meet contingencies. I may here remark that the convenience to the general public is very great, and that Government have sanctioned the disbursement of Rupees 3 each on account of the Superintendent of Marine's Office, and the Police Office, as well as the Custom House.
