M.R.O. 14-5,450—22-10-25.

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 1463 Press ~~Mis.~~

Dated 15- 6- 1866.

Not to be folded or roughly handled

No. 349. Read the following letter from W. FRASER, Esq., C. E., Special Executive Engineer, to the Secretary to Government, Public Works Department, dated Mount Road, 4th June 1866, No. 16 :—

See Government Memorandum, No. 182, dated 17th May 1866.

1. I have the honor to submit a Plan and Sections of the proposed Boat Basin at Pugh's gardens at the Adiyar, with an Estimate and Specification for the same :—

The works proposed to be done are fully explained in the Plan and Specification.

2. I forward also an estimate for deepening the portion of the Sadras Canal between Covelong and the Palar river.

The attention of Government was drawn to the shallowness of this portion of the canal in two Petitions from certain boat owners, in the month of July 1865. In my letter to Government No. 77, dated 26th July 1865, in answer to these petitions, I explained the facts of the case.

3. The estimate alluded to therein was prepared in November 1865, and forwarded through the Superintending Engineer to be included in the Budget for the current year; but, for some reason which I do not know, the amount was not included in the Budget.

I have now the honor to request permission to proceed with the work which is very necessary.

4. In a few days I will send up an estimate for deepening another portion of the canal.

Referred to the Revenue Department, with reference to the Orders in that Department, No. 666, dated 16th March 1866.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

FORT SAINT GEORGE,
7th June 1866.
