Read again Proceedings of Government, dated 1st February 1866, recorded in Board's Proceedings, 15th March 1866, No. 1,812.

Read also the following letter from the Collector of Madras, to the Secretary to the Board of Revenue, dated Coromandel, 3rd May 1866, No. 109.

With reference to the Board's Proceedings, No. 1,812, of 15th March 1866, calling upon me to explain why the charge for excavating salt channels at the pans in this District is borne by Government instead of by the manufacturers, I have the honor to state that the reason is that it was so ordered by the Board themselves in their Proceedings of the 6th February 1862, No. 820, in paragraphs 9 and 10, the Government having approved of the same in their Order of 2nd June 1862, No. 1,213, Revenue Department.

THE Board of Revenue approve of all the salt works enumerated in paragraph 2 of Colonel Boileau's letter, referred for the Board's opinion in the Proceedings of Government above quoted.
