*Proceedings of the Madras Government, Revenue Department,
20th June 1866.*

No. 431. Read the following Proceedings of the Board of Revenue, dated 13th June 1866.

Read the following:—

Season Report for the first fortnight of May 1866.

Cholera and fever are still prevailing in parts of Salem, Usur, Kristnagherry, and Utengiri Talooks, but mortalities are comparatively few. Murrain and other cattle diseases are also still in existence in Salem and Darampoory Talooks. There has been a scanty shower of rain in parts of Salem, Trippattur, Kristnagherry, and Attur Talooks, but not enough to plough lands. Tanks and wells have received no supply of water by this shower; scarcity of water and fodder still exist. Prices are high as usual. Exportation of grain to Malabar and other Districts has not ceased.

SALEM,
7th June 1866.

(Signed) D. ARBUTHNOTT,
Collector.

Submitted for the information of Government.

No. 432. ORDER THEREON, 20th June 1866, No. 1,502.

Land Revenue.

1. The Board will require the Collector to explain why the report for the first fortnight of May was not sent in till 7th June, when the report for the second fortnight was over-due.

2. The report is evidently drawn up by a person imperfectly acquainted with English.

(True Extract.)

(Signed) W. HUDLESTON,
Acting Secretary to Government.

To the Board of Revenue:
