No. 459. Read the following Proceedings of the Board of Revenue, dated 18th June 1866.

Read the following letter from the Collector of South Canara, to the Acting Secretary to the Board of Revenue, Madras, dated Mangalore, 11th June 1866, No. 98:—

1. I have the honor to report, for the information of the Board, that the south-west monsoon has at length set in; as the Board are aware the season latterly has been a most unusual one, scarcely any rain whatever having fallen during the the months of April and May, and hence an early monsoon was confidently expected. The contrary, however, has been the case, northerly winds prevailed till the 8th instant, when the wind suddenly shifted to the south, and heavy rain has fallen on the nights of the 9th and 10th instant; last night the fall was very nearly five inches, and there is every appearance of a further fall.

2. The monsoon is, therefore, nearly ten days later than usual, but if it continues to be ordinarily favorable, there is no need of any anxiety as to the future prospects of this District.

Submitted for the information of Government.
