2nd July 1866.*

No. 5. Read the following Proceedings of the Madras Government in the
Public Works Department:—

Sanctioning disbursement of Rupees 2,509 as }
compensation to Inamdars and other pro- }
prietors on account of lands taken up by } (Here enter 26th June 1866, No. 2,005.)
channels and embankments in the Godavery }
District.

No. 6. ORDER THEREON, 2nd July 1866, No. 1,613.

Miscellaneous.

Ordered to be recorded.

(True Extract.)

(Signed) J. GROSE,

Under Secretary to Government.

*Proceedings of the Madras Government, Public Works Department,
26th June 1866.*

No. 598. Read the following Proceedings of the Board of Revenue, dated 6th June 1866, No. 3,889 :—

Read the following letter from the Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Chintalapudi, Ellore Taluq, 23rd March 1866, No. 53.

1. I have the honor to submit herewith five Statements* on account of compensation for lands taken up by channels and embankments.

* Nos. 1 to 5.

2. Statement No. 1 shows the amount of compensation up to Fusly 1,274 for lands taken up by channels, &c., prior to Fusly 1,269 (which was not included in the Statements submitted with Collector's letter, 21st March 1865, No. 44. Board's Proceedings, 8th June 1865, No. 3,085. Government Proceedings, 20th June 1865, No. 1,376. the Statements submitted with Collector's letter) and sanctioned in the Proceedings of the Board and Government, of numbers and dates as per margin, for reasons mentioned in paragraph 8 of the late Acting Collector's letter, dated 21st September 1863, No. 297, and noticed in paragraph 9 of the Board's Proceedings, dated 4th December 1863, No. 7,630.

3. The Statement No. 2 shows the amount of compensation for lands occupied from Fusly 1270 to Fusly 1273, which was not included in the Statement No. 2 submitted by the Sub-Collector in charge, with his letter, dated 21st March 1865, No. 44, and sanctioned by Government in their Proceedings, dated 3rd July 1865, No. 1,853, Public Works Department, communicated with the Board's Proceedings, dated 13th Idem, No. 5,994, as no detailed accounts were then received from the Taluqs, as explained in paragraph 3 of the letter of the Sub-Collector in charge, under date the 21st March 1865, No. 44, conveyed in the Board's Proceedings, dated 8th June 1865, No. 3,085.

4. Statement No. 3 shows the amount of compensation for lands occupied in Fusly 1374.

5. With reference to the concluding part of paragraph 3 of my letter, dated 26th July 1865, No. 140, conveyed in the Board's Proceedings, dated 4th September 1865, No. 5,447, I beg to submit a Statement No. 4 showing the amount of compensation, viz., Rupees 791-14-9, due for Fusly 1274 on the proprietary lands taken up by Public Works up to Fusly 1273. This amount has been reduced from Peishushi for and from Fusly 1275, as directed in paragraph 1 of the Government Order, dated 9th October 1865, No. 2,981.

6. I request that the Board will obtain the sanction of Government for disbursement to Inamdars and Proprietors of Rupees 2,508-8-9, the amount of compensation as entered in the four Statements Nos. 1 to 4, out of the allotment of Rupees 1,17,500 granted by the Board in their Proceedings, dated 27th October 1865, No. 6,925, for disbursement to Inamdars, &c., within the current official year.

7. I also request permission to deduct from the Peishushi of the several proprietors for and from Fusly 1275 the annual assessment of Rupees 247-13-1 for proprietary Zerayan lands as entered in columns 14 and 11 of Statements Nos. 2 and 3 respectively.

8. A Statement No. 5 is herewith submitted, which shows the total extent of land, together with its annual assessment, as entered in the Statement No. 4,

Proceedings of the Madras Government, Public Works Department
26th June 1866.

forwarded with my letter, dated 26th July 1865, No. 156, and the land occupied by channels in Fusly 1274 and previously, which was not included in the above Statement; the extent of land, together with the assessment subsequently given in exchange to the Inamdars, and the amount of land and annual Shist still due to them up to the end of last month. The amount of Rupees 38,734-7-8, being the twenty years' purchase money according to the new classification of Inams in Government villages, and according to Amarakam in Zemindary and proprietary villages is requested to be sanctioned for payment to the Inamdars in full of all demands within the end of the current official year out of the above mentioned grant of Rupees 1,17,500.

9. An account distinguishing the amount of Jodi and quit-rent payable on the Inams, for which the twenty years' purchase money is to be paid, is being just prepared. The Jodi and quit-rent will be deducted from the value, and the remaining net income of the Inamdars will be paid to them. Besides which, the assessment of certain Service Inams and Pagoda Inams is included in the above Statement No. 5; but I think it is not proper to purchase Government Service Inams by giving the twenty years' purchase money to the present holders of such. I would give land in exchange instead. The value of Inams of this description will likewise be reduced from the amount of Rupees 38,734-7-8, and the remainder will be paid to the Inamdars. An account of the final adjustment will accordingly be submitted for the information of the Board.

10. Out of the extent of Acres 724 Candas 89 of the annual assessment of Rupees 2,056-5-3, as entered in columns 1 and 13 of the Statement No. 4, submitted with my letter, dated 26th July 1865, No. 156, as due to the Inamdars; Acres 45 Candas 98 of land, assessed at Rupees 1,407, taken up at first were given back to the holders for cultivation at their request, and Acres 209 Candas 21 of land, assessed at Rupees 731-10-4, of Ashwamedha and Zeroyati, were given in exchange to the Inamdars as they have chosen. Acres 458 Candas 97, assessed at Rupees 1,760-2-3, still remain to be given to the Inamdars.

11. The above Inamdars were more than once particularly told from the beginning of Fusly 1274, that they will receive no compensation for and from Fusly 1274 unless they choose to select Government assessed waste lands in any Government village for their Inams taken up by channels, and they have neglected to do so. I have, therefore, not considered it proper to include the above sum for sanction as compensation for Fusly 1274 in the Statements now sent.

Enclosure No. 1.

Abstract.—Abstract showing the lands occupied by channels, &c., up to Fusly 1274.

Enclosure No. 2.

Abstract.—Abstract showing the lands occupied by channels, &c., from Fusly 1270 to Fusly 1273.

Enclosure No. 3.

Abstract.—Abstract Statement showing the lands taken up by Public Works during Fusly 1274.

Proceedings of the Madras Government, Public Works Department
26th June 1866.

Enclosure No. 4.

Abstract.—Statement showing the amount of compensation due for Fusly 1274 on the proprietary lands taken up by Public Works up to Fusly 1273.

Enclosure No. 5.

Abstract.—Statement showing the total extent of lands to be given in exchange entered in the Statement, dated 26th July 1865, the extent given in exchange, and that still remaining to be given to Inamdars in exchange of their lands taken up for Public Works.

1. Submitted for the orders of Government, with the Board's recommendation that the Collector of the Godavery District be authorized to disburse, from the sum that may be placed at his disposal from Public Works funds to meet these charges in the current year, a sum of Rupees 2,508-8-9 as compensation to Inamdars and other Proprietors on account of lands taken up by channels and embankments in his District, as particularized below:—

1. For A. 25 C. 34 of dry and wet Inams in Government and Proprietary villages, assessed at Rupees 65-6-4, which were occupied up to Fusly 1269, the compensation being for twelve Fuslys, viz. from Fusly 1269 to Fusly 1274	Rs. A. P.
	575 7 8
2. For A. 94 C. 89 of dry, wet, and garden Inams in Government and Proprietary villages and Zeroyati lands, in the latter assessed at Rupees 277-4-6 occupied from Fusly 1270 to 1274, the compensation being calculated for Fusly 1274 also	322 9 8
3. For A. 65 C. 51 of dry and wet Inams taken up in Fusly 1274 in Government and Proprietary villages and Zeroyati, in the latter assessed at Rupees 318-8-8	318 8 8
4. Compensation for collection in Fusly 1274 of Peishush from certain Proprietary estates, the Peishush of which has been reduced to an enormous extent from Fusly 1273 under the sanction of Government, in the Revenue Department, in Government Order, dated 26th September 1865, No. 2,121	791 14 9
Total	2,508 8 9

2. The lands for which the first and second years of compensation are due, were not included in the Statement submitted to Government with the Board's recommendation, dated 16th December 1864, No. 7, 1865, and 26th June 1866, No. 3, 1866, as the Inamdars had not yet decided on the extent of the lands to be taken up, and the necessary accounts connected with these lands were not yet prepared. The necessary accounts connected with these lands, and Item No. 3, being for lands taken only in Fusly 1274 will be for no payment.

*Proceedings of the Madras Government, Public Works Department,
26th June 1866.*

3. Item No. 4 is rather a refund than a non-payment. In paragraph 2 of the Board's Proceedings, dated 4th Septem-

1274, as the Poishoush for that year had already been collected in full from those estates; but Government only sanctioned the permanent reduction from Fusly 1275, and transferred the rest of the Board's Proceedings to the Department of Public Works for disposal. The payment now recommended is therefore in place of that refund.

4. Out of the land for which the items of compensation Nos. 2 and 3 are proposed above, Acres 43-8-0, assessed at Rupees 247-13-1, are Zeriyati lands in Zemindaries, and the sanction of Government is accordingly requested to the permanent reduction of the Peishwash payable by the Proprietors of the estates in which those lands are situated, by the amount of the assessment shown above from Rs. 12-1-0. The Comptroller will, however, be requested to submit for the information of Government, a Tabular Statement showing for each of the estates concerned the existing Peishwash, (quoting the Order fixing it at its present amount if altered since the permanent settlement,) the reduction now sought; and the future Peishwash to be collected, as was called for by Government in the case of the estates entered in the margin of paragraph 3 above.

5. With the Board's Proceedings, dated 4th September 1865, (vide paragraph 3,) already referred to in paragraph 3 above, a Statement (No. 4) was submitted showing that of a total extent of Acres 3,375-7-0, assessed at Rupees 11,147-6-11, which had been occupied, Acres 2,600-18-0, assessed at Rupees 8,491-3-0 had been re-placed by exchange of other land, and a balance of Acres 714-89-0 assessed at Rupees 2,656-3-2, remained to be similarly dealt with. The Collector now submits a similar Statement (No. 5) from which it appears that out of the balance then remaining, Acres 45-98-0, assessed at Rupees 164-6-7, consisting of certain useless channels, have been given back to the owners for cultivation at their own request, and Acres 209-94-0, assessed at Rupees 731-10-4, have been re-placed by fresh grants, so that Acres 458-97-0, assessed at Rupees 1,760-3-3, remain to be re-placed.

6. The present Statement, (No. 5,) however, shows also other lands occupied in Early 1274 and previously, which were not included in the former Statements, but are entered in those numbered 1, 2, and 3, of the set now submitted, and for which a money-compensation for past years has been recommended in paragraph 1 above. The additional extent thus shown is Acres 139-37-0, assessed at Rupees 403-2-7, out of which Acres 79-66-0, assessed at Rupees 231-9-3, have been replaced by fresh grants, leaving Acres 60-71-0, assessed at Rupees 176-9-4, to be still

Proceedings of the Madras Government, Public Works Department.
26th June 1886.

dealt with. Adding to this extent the portion, viz., Acres 458-97-0, assessed at Rupees 1,760-2-3, of the old lands mentioned at the close of the preceding paragraph,* for which no exchanges have been yet made, a total extent is obtained of Acres 518-63-0, assessed at Rupees 1,936-11-7, the claims on which the Collector states might be satisfied in full of all demands, including the Shist payable up to the end of February last, by a single payment of Rupees 33,734-7-8, being the twenty years' purchase money according to the new classification of Inams in Government villages, and according to Amarakumbha Zemindary and Proprietary villages. The above sum, however, includes the quit-rent payable on the Inams in question, as well as the value of certain Government Service Inams, for which it is necessary to give other lands in exchange, and not to purchase them by a single payment to their present holders, the Collector will, therefore, be requested to exclude these two items from his present proposition, and to submit a revised Statement, as he proposes, for final sanction.

7. The Board approve of the omission of all compensation for Fusly 1274 in the Statements now submitted in the case of these Inamdars, referred to in the concluding paragraph of the Collector's letter, who have neglected to select other lands in lieu of those taken from them, notwithstanding the repeated warnings of the local officers.

Transferred to the Department Public Works.
