Proceedings of the Madras Government, Revenue Department,
13th July 1866.

No. 262. Read the following Proceedings of the Board of Revenue, dated 6th July 1866.

Read the following letter from the Collector of Madura, to the Acting Secretary to the Board of Revenue, dated Madura, 2nd July 1866, No. 204 :—

I have the honor to report that, since writing my letter No. 188, dated 9th June, no rain has fallen in any of the Talooks, except Pareakolum, which received a good burst of the south-west monsoon in those parts usually affected by that monsoon. Rain is not usually expected in this District in June or July ; it begins to fall in August, till then I see no prospect of any improvement. Prices have begun to rise very high in consequence of an active export of grain from the District, and the distress is said to be great in the Dindigul Talook, and in the parts of Pulny Talook, adjoining Coimbatore District ; but the poorer classes of those Talooks can, if so disposed, find abundance of employment on the Great Southern of India Railway.

Submitted for the information of Government.
