*Proceedings of the Madras Government, Revenue Department,
17th July 1866.*

No. 314. Read the following Proceedings of the Board of Revenue, dated 12th July 1866.

Read the following letter from the Officiating Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Vellum, Tanjore Taluk, 5th July 1866, No. 171 :—

1. There was no rain to speak of during the second half of last month. The rivers came down satisfactorily during the last week, and continued to increase till the end of the month. They are now gradually falling.

2. Although the late freshes have been very seasonable and tolerably abundant, still rain is very much wanted, more especially in those parts of the District beyond the reach of river irrigation. The dry grains, which should now be pretty well up, are but rarely to be seen; there has not been rain enough to get the seed in.

3. Sickness still exists here and there, and to a greater extent in those last mentioned parts of the country, where cattle continue to suffer very much from want of water.

4. Prices are fast rising, and the sufferings of the poorer classes are doubtless very great. There are every signs of approaching rain, but these signs are as delusive as they are frequent.

Submitted for the information of Government.

No. 315. ORDER THEREON, 17th July 1866, No. 1,765.
