*Proceedings of the Madras Government, Public Works Department,*
*13th July* 1866.

No. 273A. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Cuddalore, 30th June 1866, No. 56 :—

1. I have the honor to report, that on the 7th of March the Head Assistant Collector forwarded to me the accompanying Statement of expenditure by the Tahsildar of Tindevanum, in forming ring-bunds in tanks breached by the great storm of last November, and applied for a cheque for the amount.

1 Statement.

2. As in only one instance the expenditure had exceeded 25 Rupees, I informed the Head Assistant Collector that I was precluded by the Rules of the Department from ordering payment for more than one of the works in the list.

3. The Collector has since brought to my notice, that not only were the irrigation works damaged by the storm, but whole villages were swept away, and the Ryots were houseless and starving, and that under the circumstances the Ryots could not be expected to render the usual assistance in executing emergent repairs to the tanks. I have, therefore, instructed the Range Officer to pay to the Collector the amount (Rupees 131-14-3) expended by the Tahsildar, and request Government will authorize the Controller to pass the bill when forwarded by the Collector.
