Proceedings of the Madras Government, Revenue Department,
20th July 1866.

No. 368. Read the following letter from the Officiating Conservator of Forests, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Camp, Ootacamund, 29th June 1866, No. 1,875 :—

1. In reply to G. O. No. 1,513, dated 20th instant, and the enclosure from the Superintending Engineer, herewith returned, I have the honor to inform you that provision has been made in the Budget Estimate of this Department for a sum of Rupees 10,000 under the head No. X., "Communications and Buildings," on account of the work referred to in the letter from the Controller of Public Works Accounts, recorded in the Proceedings of Government under acknowledgment.

2. Both the Collector of Salem and the Deputy Conservator of the District report that the road from Pennagara viâ Sogatoor and Darampoory will be of no use whatever to the Forest Department ; and it certainly cannot be until a road is opened out from Pennagara to the Acha-wood forests, which would be a great undertaking. The Collector also reports that the Auchitty and Denkenicotta road can be put into good repair for a sum not exceeding 6,000 Rupees, I would therefore suggest that this sum only be placed at the disposal of the Superintending Engineer, 5th Division, who might be directed to submit to the Central Office of the Forest Department the monthly accounts of the works.

3. Lieutenant Walker, the Deputy Conservator, informs me that the Darampoory road is provided for out of Local Funds to the extent of Rupees 13,000, which amount has been at the disposal of the Department Public Works for one year, although the work has not been commenced.

No. 369. ORDER THEREON, 20th July 1866, No. 1,792.

Forests, No. 5.

1. The repair of the Auchitty and Denkenicotta road, at a cost of Rupees 6,000 from the provision made in the Forest Department Budget, is approved.

2. The Accountant General will take the necessary steps for placing the amount at the disposal of the Superintending Engineer, 5th Division.

3. The Progress Reports of the works should be forwarded to the Forest Department.
