Proceedings of the Madras Government, Revenue Department, 20th July 1866.

No. 419. Read the following Proceedings of the Board of Revenue, dated 7th July 1866, No. 4,641.

Read the following letter from the Collector of North Arcot, to the Acting Secretary to the Board of Revenue, dated Palmanair, 23rd June 1866, No. 165 :—

As much inconvenience is felt owing to want of accommodation, light, and ventilation in the Talook Cutcherry at Arcot, the Superintending Engineer was, at the request of the Sub-Collector, asked to have an estimate framed for carrying out the improvements suggested by the Tahsildar, and approved of by the Sub-Collector, those improvements being the addition of a hall and verandah to the present Cutcherry. Captain Goddard states that the approximate cost of the proposed additions and repairs would be Rupees 1,350, and that the permission of Government is necessary before a detailed estimate and plan can be prepared by his Department. I have the honor, therefore, to request that the Board will be so good as to obtain the required permission from Government.

1. Submitted to Government, with the Board's recommendation that the plans be prepared.

2. The Board are not aware of the rule to which Captain Goddard refers, but if enforced on all occasions, it is likely to lead to many needless references between the several Departments.

No. 420. ORDER THEREON, 20th July 1866, No. 1,819.

Miscellaneous.

1. The Collector's proposals for the improvement of the Talook Cutcherry at Arcot are approved.

2. The Board are referred to paragraph 85 of Chapter 5 of the Rules for Designs and Estimates, requiring the sanction of Government for preparing detailed estimate of works above Rupees 500.
