Proceedings of the Madras Government, Revenue Department,
20th July 1866.

No. 431. Read the following letter from the Governor General of Netherlands India, Batavia, to His Excellency the Governor of Madras, dated Batavia, 13th June 1866, No. 181 :—

1. By a letter from the Intendant of the Government's Hotels, dated 26th May last, I was informed as follows :—

" By the Mail leaving *Batavia* on the 1st June next, a case containing plants, " collected for His Excellency the Governor of *Madras*, will be forwarded to the " Netherlands Consul at *Singapore* for further expedition to *Madras*."

2. This letter was not put before me until after the departure of the Mail Steamer, otherwise I would have acquainted your Excellency by that opportunity of the circumstance alluded to, in continuance of my letter No. 169, dated 25th March last.

3. I have now the honor to forward copy of a list of the plants referred to.

4. It appears thereby that the case contains specimens of all the plants asked for in your Excellency's favor of 3rd March last, No. 556, with the exception only of the *Xanthochymus dulcis*, that could not be obtained at the moment, and, moreover, sundry other plants, which appeared likely to prove acceptable to your Excellency, and have been added to fill up the remaining space of the case.

5. In conclusion, I have the honor to acquaint your Excellency that the case of plants will soon be followed by a packet of seeds of the same.
