No. 472. Read the following letter from the Honorable C. PELLY, Member of the Board of Revenue, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 18th July 1866, No. 1,958:—

1. In their Order, dated 22nd September 1865, No. 2,285, Government observed that there is no necessity for submitting to Government a General Statement of the changes sanctioned in the Salt Establishments, and that the simpler plan will be for Mr. Clarke and myself, in concert, to see that the Salt Establishments are entered in the General Revenue Establishments, Tabular Statement to be submitted to the Supreme Government for sanction. This order appears to have been passed under the impression that the revised Salt Establishment still requires the sanction of the Government of India; but this is not the case. The Salt Establishment, like the Sea Custom Establishment, was revised by me separately; and my final scheme having been approved by Government was submitted to the Supreme Government, with the Tabular Statement in the prescribed form, and the sanction of that Government was conveyed in their Resolution, dated 15th October 1863. The revised scale of establishment was ordered to be introduced from January 1864, but since then Orders of Government have been passed from time to time, sanctioning several alterations in the arrangement of Divisions and Stations, with reference to Mr. Clarke's reports on the inspection of salt works in the several Districts of this Presidency. I have, however, with reference to the Order of Government above quoted, revised again the whole establishment, in concert with Mr. Clarke, adopting the several changes sanctioned by Government, and have the honor to submit to Government the Statement of Establishment as now finally revised.

2. The statement exhibits, in one view, the establishments originally sanctioned on my recommendation, in comparison with that now settled by myself and Mr. Clarke, and the following is the abstract shewing the financial results of both the old and the present schemes:—

Districts.	As lately revised by Mr. Pelly, and sanctioned by the Government of India	As now finally settled by Mr. Pelly and Mr. Clarke.	Difference.

12. Malabar	488	488	.....	.....
Total ...	13,989	13,816	692	865
Net decrease ...	.....	.....	.....	173

3. It will be seen from the above abstract, that the total cost of the present revision is, on the whole, less than the establishment sanctioned by the Government of India, by Rupees 173 per mensem, or Rupees 2,076 per year. For this reason, I think, it will not be necessary to forward the statement for the sanction of the Government of India, the sanction of the local Government probably being sufficient for carrying the revision into effect.

4. In the statement now forwarded, I have, for the sake of convenience, included the establishment of several stations belonging to the same division with the establishment for that division; but wherever the station bore a different name from the Division, I have shewn the establishment separately. The cost of the Preventive Establishment to be attached to the several Divisions and stations is not entered in the statement, as it is debitable to the Police.

5. Before we jointly took up the revision of these establishments, Mr. Clarke addressed a Circular to the Collectors of Maritime Districts, desiring their opinion on certain alterations in the establishment proposed by him, and sanctioned by Government for each District. Some Collectors suggested certain further alterations. The several propositions of the Collectors have been properly discussed, and the wants of each District have been carefully provided in the scheme now submitted. A few of the Collectors' recommendations will here be noticed for the information of Government.

6. The Collector of Madras recommends very strongly an increase to the salary of the Deputy Collector, Mr. Smith, in consideration of the increased labor and responsibility devolving on him. The salt revenue having been since of late considerably increased, he considers that the Deputy Collector's pay should be equal to that of the Head Assistant Collector. This is, however, a point for the consideration of Government, as my revision does not apply to the pay of Deputy Collectors.

7. The Collectors of Ganjam, Madras, and Madura, propose increase to the establishment of their respective Salt Deputy Collectors. In my revised list of Hoozoor Establishments, the Establishment of the Deputy Collector of Madras was treated exceptionally, as in Madras the manufacture and sales are very large; the establishments of other Deputy Collectors were fixed at a uniform scale, amounting to Rupees 100 per month. The alterations proposed by the Collector of Madras are an increase to the pay of the Head Clerk from Rupees 50 to 70, and of the third Clerk from Rupees 15 to 25. I admit the necessity of the first increase, as the duties of the Head Clerk have considerably increased simultaneously with the increased salt transactions of the subordinate stations, and the consequent increase in the correspondence both English and Vernacular. Besides this, the pay of the Madras Head Clerk was not increased, when those of the Head Clerks of other Districts were raised from 30 to 45 Rupees. Under these circumstances, I request that sanction may be granted for raising the Head Clerk's pay to 70 Rupees. The increase of pay recommended for the third Clerk does not, in my opinion, appear necessary when considered with reference to the general scale of rates allowed elsewhere.

8. The increase proposed by the Collector of Ganjam is an additional Clerk on 20 Rupees to the Salt Deputy Collector. The necessity may be admitted

as the revenue of the District is increasing considerably. I, therefore, request that the additional Clerk may be allowed on 15 Rupees for this District. The Collector of Madura solicits the entertainment of a Shroff on 12 Rupees at the branch Treasury at Ramnad, where his services would be most valuable, owing to the large influx of money which the neighbouring salt pans produce. The entertainment of a Shroff on 15 Rupees at the Ramnad Treasury has been separately recommended, and sanctioned in the Proceedings of Government dated 1st June 1866.

9. If the alterations* recommended in paragraphs 7 and 8 above are sanctioned, they will be entered in the General Statement of Revenue Establishments about to be submitted to Government, in which the establishment of the Salt Deputy Collectors is separately entered.

* Increase of pay to the Head Clerk of the Madras Salt Deputy Collector from 50 to 70 Rupees	20
Additional Clerk to the Establishment of the Ganjam Salt Deputy Collector ...	15

10. The alterations in the Division and Station Establishments of each District will be noticed in order.

11. GANJAM.—In this District the establishment for the Munsoorcottah Division, provided in my original scheme, has been dispensed with, and the establishment of the Itchapoor Division increased from Rupees 181 to Rupees 229, as sanctioned by Government in their Proceedings, dated 16th March 1865, No. 579.

12. VIZAGAPATAM.—With reference to the Order of Government, dated 24th October 1864, No. 1,958, the Salt Division of Kupuli has been retained and re-opened, and Karassa retained in preference to Balacheroovoo which has been closed. The station establishment at Nabobpett has also been dispensed with. The salary of the Superintendent at Pentacottah has been raised from Rupees 60 to 70, as recommended by the Collector.

13. GODAVERY.—In my original scheme I provided for a Division establishment at Karapah, with three stations at Pennagudem, Garzanapully, and Kongoodoo, but the Government having in their Order, dated 11th May 1865, No. 995, paragraph 7, decided that the salt works in Pennagudem should be extended and improved, that the pans in all other villages should be closed at once, and that a new station be opened at Mooree or Oopoologapatam, I have, in the scheme now submitted, proposed a liberal establishment for Pennagudem, in accordance with the views of Mr. Clarke, to provide for an extensive manufacture at that place. I have also provided a Division establishment for Mooree, or such other places in the southern portion of the District as the Collector may be able to fix on in communication with the Board. As regards the opening of pans to the north of Cocanada, alluded to in the Board's Proceedings, dated 6th December 1865, the Collector considers that no suitable place for the manufacture of salt can be found.

14. KISTNA.—With reference to the Proceedings of Government, dated 20th September 1865, No. 2,285, sanctioning certain increase to the establishments at Buntoomully and Munganapoody, I have revised the establishment at these places in compliance with the Collector's recommendation. The Division of Buntoomully has been altered to Pendrika, the latter being the locality in which the establishment is employed.

15. Nellore.—The only alteration in the establishment of this District, is the, reduction of the establishments allowed in my original scale for Tripily, Ramapuram, Gangapatam stations; these have been ordered to be dispensed with in the Proceedings of Government, dated 25th May 1866, No. 1,242. I have retained Toommalapenta, Doorgarazapatam, and Soonunpooguntah in my present list, as recommended by the Board in their Proceedings to Government, dated 18th July 1866. Bungunpally is included in the nine chief stations now ordered to be retained by Government in the Order above referred to; but this place was never included in the original revised establishment, as the Government had ordered its abolition in their Order dated 1st November 1861.

16. Madras.—In the Proceedings of Government, dated 19th September 1863, No. 1,725, the abolition of the pans at Pyanur was authorized in the Government Order, dated 21st November 1863, No. 2,100, the opening of new salt pans at Kattur was sanctioned. With reference to these orders, I have omitted Pyanur in my revised scheme, and provided an establishment for Kattur, as sanctioned by Government in their Proceedings dated 28th October 1864, No. 1,998. I have also taken care to revise the establishment, with reference to the transfers sanctioned by Government in their Proceedings, dated 14th November 1864, No. 2,077.

17. The Collector in his letter to Mr. Clarke, dated 25th October 1865, has proposed an increase to the salary of the Superintendent at the depôts at Madras and Homes' Gardens. The pay of the Superintendent at Madras was originally fixed at Rupees 150, but the Collector now states that as salt to the extent of nearly fourteen lacs of Rupees is sold at the Madras depôt, and passes through the hands of the Superintendent, on whose management the efficiency of the Department much depends, his pay should be raised to Rupees 200, inasmuch as superior qualifications are requisite for the office, and which the present Superintendent, Chinnaswamy Pillay, eminently possesses. I admit the force of the Collector's recommendation, and have accordingly provided Rupees 200 for him in the revised scheme now submitted. As regards the Superintendent of the depôt at Homes' Garden, the Collector proposes an increase of Rupees 25, but as the sales at the depôt are now falling off, it is in contemplation to transfer the sales to Madras as soon as the Southern Canal is connected with the East Coast Canal; I do not therefore think it necessary to allow the increase proposed by the Collector.

18. Mr. Fane has also proposed a large number of additional Clerks, Peons, and Vettyans for the Divisions. I have considered his recommendations, and have settled, after personal conference with the Deputy Collector, Mr. Smith, the additional number really necessary for the efficient performance of the duties connected with the Depôt.

19. South Arcot.—In revising the establishment of this District, I have not lost sight of the Proceedings of Government, dated 12th May 1865, No. 1,001, the alterations sanctioned in the Divisions and Stations have been carefully adopted. In the Proceedings of Government, dated 12th May 1865, No. 1,001, the pay of the Mercanum Superintendent was fixed at Rupees 120, but as there appears no special reasons for such large pay, I have reduced it to Rupees 100, as the Deputy Collector considers that pay sufficient. The Collector has proposed a Shroff on Rupees 15 per month for the Chunampet station, but as I have entered Chunampet as a station

of the Mercanum division, and as the daily collection will, as pointed out by Government in paragraph 11 of their Proceedings, dated 12th May 1865, be remitted every evening to Mercanum, no Officer of the kind appears necessary at Chunampet. For the Killay Division I have provided a second station establishment at a monthly cost of Rupees 25, as it is intended to extend the manufacture. The present Teagavully Division is converted into a station to be attached to Goondalum Division to which place the salt manufactured in the former place is to be conveyed.

20. Tanjore.—With reference to the Order of Government, dated 1st August 1865, No. 1,776, the Divisions and Stations in this District have been altered, and the changes carried out as reported to Government in the Board's Proceedings dated 14th June 1866, No. 4,083. An additional Clerk on Rupees 15 a month has also been allowed to each of the stations of Adrampatam, Tambikanallavankotai, and Kuttoomavady, as requested by the Collector.

21. Madura.—In this District the Salt Divisions of Sholiagudi and Manargudi as decided by Government in their Proceedings, dated 16th May 1865, have been done away with. The salaries of the Assistant Superintendent of Vuttanum and Morecolum have been raised from Rupees 15 to 20, as recommended by Mr. Clarke, and an additional Vetty has been given to each of the stations of Vyravanathapattanam, Attengaray, and Moothooragoonathapatanam, owing to the increased manufacture of salt at those places, in consequence of the abolition of the two stations of Sholiagudi and Manargudi.

22. Tinnevelly.—In this District the Divisions of Munjuncolam and Coolasagarapatam have been abolished, as directed in the Proceedings of Government, dated 2nd October 1865, No. 2,379, and Cootangoly, which had been in existence before my revised scale was framed, has been re-opened. Two Measurers on 6 Rupees each have been given to each of the Arasady and Coilpatam Divisions, on account of increased sales at these places. In paragraph 30 of the Government Order above referred to, Government have sanctioned the abolition of Paliacoil, owing to the very indifferent salt produced there, and the inaccessible character of the locality; but until the manufacture at Coilpatam is increased, this measure is not feasible. Paliacoil is, therefore, retained in the revised list now submitted.

23. South Canara.—The establishments proposed for this District are the same as those settled by the Board in their Proceedings dated 22nd December 1865, No. 8,301. The only alteration made by me is the omission of a Clerk on 14 Rupees at Baindur, as it has been since represented by the Collector that his services are not required.

24. Malabar.—The establishments of the Malabar District have undergone no alteration whatever.

25. As the Statement shews clearly the Establishments as now finally settled, I do not consider any further details necessary in this Report. The several changes recommended have already been carried out in some Districts, with reference to the Orders of Government, issued from time to time; and if the Government sanction the establishments as now revised at the monthly cost of Rupees 13,816, the list will be printed and circulated to Collectors with instructions to adopt the scale at once. In some localities it may not be possible to abolish at once the pans ordered

to be discontinued, and to introduce the new establishment, and in such cases the Collectors will be requested to report to the Board up to what period the old establishment will have to be continued. Any extra charges that may be necessary to meet the cost of temporary establishments, which might be required to dispose of the salt in the abolished pans, can be met from the savings out of the provisions made for Salt establishments in the Budget for 1866-67.

No. 473. ORDER THEREON, 20th July 1866, No. 1,845.

Separate Revenue, No. 25.
Salt.

1. The Government sanction the adoption of the revised scale of Salt establishments submitted with the above letter, and the increase to the pay of the Head Clerk on the Madras Deputy Collector's Establishment, and the addition of a Clerk to that of the Ganjam Deputy Collector as recommended in paragraphs 7 and 8.

2. The net result of the revision is a saving on the cost of the Establishments as sanctioned by the Supreme Government.

3. The necessary orders will be issued for introducing the revised scale as speedily as circumstances may admit.

4. The Government are not prepared to accept the recommendation of the Collector of Madras that his Salt Deputy, who is already in the highest grade, should be placed on the footing of a Head Assistant Collector as regards pay.

Rev. 1866. Oct. 31

Pro. of Govt. for July

No. 2128.

From

The Honorable C. Pelly

Member of the Board of Revenue

To

F. Hudleston Esqr

Sy. Secretary to Govt. R.D.

Fort Saint George

Dated 18th

Dispatched 19th July 1866.

No. 1958

Enclosure One

S.O. No. 1215. 20 July

Submits to Government his final Report on the revision of Salt Establishments of the several Districts of the Madras Presidency

No. 472.

Revenue Department.

No. 2 — 1845.

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the 20th July 1866.

Read the following letter from the Honorable C. Pelly, Member of the Bd of Revenue —

Submitting to Govt his final Report on the revision of Salt Establt of the several Stns of the Madras Presidency —

(Here enter 18th July 1866, No. 1958)

The Govt sanction the adoption of the revised scale of Salt Establishments submitted with the above letter — and the increase to the pay of the Head Clerk on the Madras Deputy Collector's Establishment — and the addition of a Clerk to that of the Ganjam Deputy Collector as recommended in paras 7 and 8 —

The net result of the revision is a saving on the cost

cost of the establishments as sanctioned by the Supreme Govt.—

The necessary orders will be issued for introducing the revised scale as speedily as circumstances may admit.—

The Govt are not prepared to accept the recommendation of the Collector of Madras that his Salt Deputy who is already in the highest grade should be placed on the footing of a Head Assistant Collector as regards pay—
