No. 462. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 10th July 1866, No. 855 :—

1. With reference to G. O. No. 2,091 of the 4th instant, I have the honor to inform you that I have received no reports of the channels from the Huggry at Moka being choked with sand from the flooding of the river. I have not heard of any fresh in the Huggry during this year : the channels in the river bed may be choked, but it is the duty of the villagers to clear these.

2. As regards the Toongabuddra channels, I beg to inform you that the channels were cleared and ready for the freshes if they had come down; in the beginning of May there was a small fresh, and a good supply was running down both the Buswanna and Roya channels, but there was not enough to benefit the other channels. Towards the middle of June a good fresh came down, and I learn that the channels were full.

No. 463. ORDER THEREON, 20th July 1866, No. 2,291.

CIVIL WORKS, No. 71.

Communicated to the Revenue Department with reference to the Orders in that Department, Nos. 1,280 and 1,533, of the 31st May and 22nd June, respectively.
