O'Connor.

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter :—

From the Deputy Inspector General of Ordnance and Magazines, Fort Saint George, 12th July 1866, No. 65 ; to the Secretary to Government, Military Department.

I have the honor to report, for the information of Government, that since their Order No. 462 of 5th February 1866 was passed, circumstances have so changed as regards the supply of timber required for the Gun Carriage Manufactory, that combined with the misery and suffering endured by the parties sent to select and cut up the small quantity reported to be of any use whatever, I see sufficient reason to request Government to cancel that Order, and sanction the immediate recall of the Conductor and party detached on the duty.

2. Further reports on the character of the timber have shewn, that it is of very little value for any of the purposes for which it is required, and I would therefore suggest its being placed at the disposal of the Collector of the District, for sale or otherwise, as he may deem most expedient.

3. Taking into consideration the circumstances stated above, and the impossibility of the Conductor and his party performing any useful service by remaining at Dhamra, I have (as Government are aware) in anticipation of their formal sanction, telegraphed for their return, and I have this morning received a reply from the Officer Commanding Cuttack, to the effect that they have been ordered to proceed immediately to Madras by an opportunity which now presents itself.

ORDER, No. 2534, 20th July 1866.

Approved. The Collector will be requested, through the Revenue Department, to dispose of the timber in question, as he may consider most expedient, and to report his proceedings in regard to it for the information of Government.
