EXTRACT from the Proceedings of the Government of India, in the Financial Department, dated 30th December 1865.

Read Public Works Department Endorsement, No. 1075*r*, of the 11th December, forwarding for consideration and orders papers relating to the imposition of 7½ per cent. Duty on Steel Rails imported into Bombay for use on the Punjab Railway, with the intimation that the Government in that Department considers the rate of Duty should not exceed that levied on Iron Permanent Way Materials, viz., one per cent.

RESOLUTION.

Under the existing Law, Import Duty on Steel Rails is properly levied at 7½ per cent. *ad valorem*, but the Governor General in Council recognizes the expediency of assimilating this rate of Duty to the rate prevailing for Iron Permanent Way Materials, and accordingly authorizes the several Local Governments to refund to Importers of Steel Rails, the difference between 7½ and 1 per cent.

Ordered that the foregoing Resolution be communicated to—
The Public Works Department,
The Governments of Bengal, Bombay and Madras,
The Chief Commissioner British Burmah,
And to the Accountants General of the above Governments, respectively.
