534-565

Dated 31-7- 1866.

lot to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
31st July 1866.

No. 584. Read the following letter from the Collector of Ganjam, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Chetterpore, 11th July 1866, No. 1,647 :—

1. I have the honor to report, for the information of Government, the details of the application given to the various sums granted for the relief of the distress now prevailing in the Northern Division of Ganjam. As the money contributed by Government has been used to supplement private contributions, the accompanying account shews the use to which the *entire* fund at our disposal has been put.

2. The first contributions were raised in February. Houses of relief have since that month been maintained at Berhampore, and since March at Ganjam and Chetterpore, and subsequently (as distress became more widely spread) at Rumba, Purshottapore, Russelcondah, Hoomah, and Aska.

3. The applicants for relief have been and continue to be always on the increase, as will be seen in the table* which records the expenditure of successive months.

* Will be sent to-morrow.

4. For the earlier months, during which subscriptions came in slowly, and it was not apparent how far we could rely on private contributions, and whether any assistance would be afforded by Government, our operations were necessarily limited, and we could not relieve adequately the crowds which beset our relief kitchens, because with months of famine before us it seemed specially necessary to husband our resources.

5. In June the first grant from Government, amounting to 10,000 Rupees, was given, followed soon after by sanction for an expenditure of 15,000 Rupees to be spread over five months.

6. The contributions of the general public and those raised in the District, amounting in all to 12,000 Rupees, together with the Government grants of 10,000 and 15,000, have been spent and are still in course of expenditure on the relief houses, where cooked rice and raggy are distributed once a day to the poor of the lower classes who can receive relief in this form. Their numbers are so constantly growing that I can only give them approximately at 6,300, or more than double the number given in my letter, dated 11th June, No. 1,207.

	Rs.
Berhampore	2,500
Rumba	1,000
Hooma	300
Ganjam	500
Chetterpore	500
Aska	200
Soorada	300
Russelcondah	1,000
Total...	6,300

7. Owing to the starving condition of a great number of the Ryots who cannot be relieved at the kitchens, it became necessary to devise other means for their relief, and for this purpose I applied to the Government for permission to distribute first to 1,000 families and subsequently to 1,600 families of this class a weekly dole of uncooked rice, so as to give one meal daily to each individual, and 1,500 bags (*minus* 22 lost in the surf) have been received, and 2,000 more are expected. Tickets to the number of 1,263 have been issued and more will follow. The distribution commenced on the 29th ultimo.

8. The Government, as a further source of relief, have also sanctioned an expenditure on Minor New Works to the extent of 15,000 Rupees. Of this sum, 10,000 are being expended in the purchase of grain at Masulipatam, in order to the payment of the laborers in kind. Several small works have been fixed upon, and are about to be begun.

9. Since the rapid expansion of our operations (the number provided for having been at once doubled on receipt of the second grant from Government, and since then constantly extended to meet the daily influx of fresh applicants) it has become necessary to have grain in large quantities stored at or near the places where distribution takes place, and we have no less than 28,500 Rupees worth of grain purchased, and in course of transport by sea for the use of the relief houses, (including four establishments of the kind maintained from funds supplied by the Court of Wards, and which do not appear in this account). None of this supply has as yet reached us, and as it is now difficult to land cargo, the supply of the relief houses would have run short had we not indented on the 1,500 bags lately landed for the relief of distressed Ryots; this rice will be re-placed on receipt of the expected cargoes.

10. Lastly, I have to advert to a promised grant of 20,000 Rupees from the North-West Famine Fund. Although this money was raised originally by private subscriptions, and though it is true that its expenditure on a public work, such as the Chilka canal, would serve the public at the expense of private contributors who had no such object, yet adverting to the fact that payment for simple labor is the form in which relief is most grateful to the people, and that the regular organization necessary on a large work greatly facilitates the distribution of relief, and in consideration that the intended canal would cross the centre of the District now suffering most severely, I proposed to the Government to undertake it, deeming that the obvious scruples enumerated above might well give way to the arguments in favor of a measure so much in the interest of those concerned. As this proposal has been negatived, however, and as some provision has been made for the support of Government Ryots south of the river, we propose to expend 15,000 Rupees out of the North-West grant in helping the same class, in this the most afflicted part of the District in the same way and on the same scale as I have described in speaking of our Ryots.

11. The estates of Hoomah, Paloor, and Beredy, which comprise the tract over which it is proposed to spread this relief, are not in a condition to support the outlay; the proprietors of the two former are utterly impoverished, and the resources of the latter, which is under the management of the Court of Wards, have already been heavily taxed in various forms of relief to the amount of from 6,000 to 7,000 Rupees.

12. Having thus detailed the means by which we have attempted to meet the present calamity, and acknowledging thankfully, on behalf of the Committee and of the people, the liberality of the Government and of those generous persons who have aided us, I should be wanting in my duty did I withhold the painful fact, that the remedy has been deferred too long, and, in the case of great numbers, applied too late. The relief administered in the earlier months was no doubt utterly

Proceedings of the Madras Government, Revenue Department,
31*st July* 1866.

inadequate to the numbers who required food, in fact we were compelled to restrict the distribution to the worst cases, and numbers went away unfed; *now* hundreds of persons who are too far gone for recovery present themselves. I say this, because it is the true explanation of the melancholy spectacle afforded by our relief houses (where little or no improvement can be traced in the appearance of the recipients), and because it accounts for the deaths which so frequently occur among them.

13. I enclose three accounts. The first shews the date at which the relief houses were opened, and their rapid enlargement. The second is a statement of receipts and disbursements, and in the third will be found the names of those who gratuitously (in all but two cases) discharge the arduous duties of superintendence.

No. 585. ORDER THEREON, 31st July 1866, No. 1,902.

Miscellaneous.

1. Ordered to be communicated to Messrs. Arbuthnot & Co., the Treasurers of the Ganjam Relief Subscription Fund, and to the General Relief Committee.

2. The prospects of next harvest in the District are good, and the Government trust that the means available to the Collector will enable him to afford the relief required in the interval.

3. As regards the account of the expenditure, it may be observed that of the Rupees 15,000 shewn as advanced for purchase of rice and ragi at Madras, Rupees 8,800 were invested at Cocanada through the Collector in rice, which has been sent up to the Collector of Ganjam, and the balance, Rupees 6,200, was assigned for purchase of ragi in Madras, of which a portion has also been sent, and the remainder will be despatched shortly.

4. Two sums of Rupees 2,000 each were in the same way placed at the disposal of the Superintendent of Marine, out of the subscribed funds in Messrs. Arbuthnot's hands, for the purchase of ragi to be sent up in the "Arracan" Government Steamer. The supply purchased with the first advance has been despatched. The second supply will be despatched shortly.

5. The Collector will convey the best thanks of Government to the gentlemen who have aided him in administering the relief.

(True Extract.)

(Signed) J. D. SIM,
Secretary to Government.

To the Collector of Ganjam.
,, Messrs. Arbuthnot & Co.
