No. 12. Read the following Proceedings of the Board of Revenue, dated 30th July 1866.

Read the following :—

Season Report for the 1*st fortnight of July* 1866.

1. Copious showers fell almost throughout the District during the second week of this fortnight, and rivers, tanks, and channels have, in several localities, received a good supply of water. Moderate freshes were in the Chicacole and Kimedy rivers.

2. The rains have saved the greater part of the Raggy and other crops.

3. Retail prices were still high, but there was a slight fall in wholesale prices of grain. In the Goomsur Talook, grain was somewhat difficult to be had.

4. The rains have caused much improvement in the health of the District.

5. There is still mortality among the poor, where starvation has been extreme; the condition of many, however, is now sensibly benefitting by the extensive system of relief.

Collector.
