M.R.O. 14-5,450—22-10-25.

MADRAS RECORD OFFICE.

Government of Madras.

Revenue **DEPARTMENT.**

G.O. No. 1944 Press ~~Mis.~~

65-66

Dated 3- 8 — 1866.

Not to be folded or roughly handled

No. 65. Read the following Proceedings of the Board of Revenue, dated 31st July 1866:—

Read letter from the Collector of Malabar, dated 25th June 1866, No. 196.

Read also letters from the same Officer, dated 25th June and 6th July 1866, Nos. 198 and 211.

1. With the first of the foregoing letters, the Collector of Malabar forwards a Supplemental Local Fund Budget for the official year 1866-67, proposing a further expenditure of Rupees 35,541. In this letter he states that an unappropriated balance of Rupees 28,299 is available for works, irrespective of the provision of Rupees 11,390 made in the Supplemental Budget for unfinished sanctioned works of 1865-66; but the Collector should have stated how, and from what data he has obtained this amount. The Board, however, assume that he has calculated the amount correctly.

	Rs.
Expenditure on unfinished sanctioned works of 1865-66	11,391
Do. on other works	24,150
Total ...	35,541

2. Out of Rupees 11,390 provided for unfinished works, a sum of Rupees 1,619 is intended for a work to be executed by the Revenue Department, which was not commenced in 1865-66, and, consequently, this remains to be met from the unappropriated balance. The remainder, Rupees 9,771, is probably the amount remaining unspent with the Executive Engineer out of the funds transferred to the credit of the Public Works Department in 1865-66. If this is the case, the sum should be re-credited to Local Funds in the current year, and then re-placed at the disposal of the Public Works Department. On referring, however, to the General Statement of Receipts and Charges for 1865-66, received from the Collector with his Local Fund Report, it appears that the balance of cash which remained on the 30th April 1866 with the Executive Officers was only Rupees 1,584-3-1. The Collector should explain how he arrived at this last amount, as under the new system no cash is drawn from the Collector's Treasury by the Executive Officer.

3. The expenditure now proposed in the first letter amounts to Rupees 35,541, as particularized below:—

	By Public Works Department.	By Revenue Department.	Total.
	Rs.	Rs.	Rs.
Original Works	19,788	1,619	21,407
Repairs	14,134	...	14,134
	33,922	1,619	35,541

Deducting from the above the sum of Rupees 11,390 provided on account of unfinished works, the cost of extra works to be executed amounts to Rupees 24,151, to which the sum of Rupees 3,392, being the cost of Public Works supervision, which the Collector has omitted to provide for, being added, the total expenditure amounts to Rupees 27,543, or Rupees 756 less than the funds stated by the Collector as available. The Board resolve to submit the Supplemental Budget, and request the sanction of Government for the additional expenditure of Rupees 38,933, including

the cost of Public Works supervision, on the understanding that the sum of Rupees 9,771 remaining unspent with the Executive Engineers, is brought to the credit of the Local Fund in the current year's accounts. Early orders are requested with reference to the Collector's telegram to Government, in Government Order, dated 31st July 1866, No. 1,904.

4. In the second and third letters above recorded, the Collector requests that a sum of Rupees 3,700 may be provided for repairing the Elattur bridge on the coast road to the north of Calicut, being a moiety of the whole estimate, which is Rupees 7,400. The Collector seems to suppose that there is still an unappropriated balance of Rupees 4,149 out of the District Road Funds; but it is shown above that the expenditure proposed by him in his first letter will leave only Rupees 756 available. Moreover, it is not stated whether the Superintending Engineer has obtained the sanction of Government for the other moiety from the Imperial Funds. The Collector should bring forward this proposition with fuller explanation, stating from what funds the charge of Rupees 3,700 can be met. If the work be urgent, the amount should be transferred from some other work of less importance. The Collector is also requested to state how he has calculated the unappropriated balance mentioned by him.

No. 66. ORDER THEREON, 3rd August 1866, No. 1,944.

Local Funds, No. 2.
Account.

1. The Government sanction, as a special case, the Supplemental Budget submitted by the Collector of Malabar with his letter, dated 25th June last, with the exception of the bridge at Chetta Kodavu for which plan and estimate must first be submitted.

2. The Government do not understand why provision was not made at the proper time for the expenditure of this large balance, which, with proper arrangements, ought to have been foreseen.

3. Regarding the Elattur bridge, the information required by the Board is indispensible. The Collector will also state the annual proceeds of the tolls on the coast line of road.

No 196.

Malabar Collector's Office
Calicut 25th June 1866

From

G. A. Ballard Esqr
Collector of Malabar

To

R. A. Dalyell Esqr
acting Secretary to the Board of Revenue
Fort St George

Sir

Irrespective of the provision of Rs 11890 made in this Supplimentary Budget for unfinished same works of 1865/66.

I have the honor to report that an unappropriated balance of Rs 28299 is available for Local Fund works in Malabar in 1866/67 and to request sanction to the Supplemental Budget herewith submitted. I subjoin a few remarks on the items.

New Works.

Rs 209 on Chunkel via Kluttu, Iskur, Perum-baramba, Peparambra & the Coorg boundary Rs 1800.

2. An Estimate has not yet been submitted for this work as it is impossible to prepare a reliable one till the trace on the section from Iskur Eastwards is well opened. This is in progress. Rs 2000 have already been sanctioned, but a further allotment as now made is desirable to enable the tracing to be pushed on with vigour.

Rs 24. Irulandi via Illini to Tambiachery Rs 5000.

3. Rs 9316 have been expended on this line in 1865/66. Rs 5000 is sanctioned for 1866/67 as budgetted for in Part III, and I have every reason to believe that this sanction with the present allotment which will provide for the bridge over the Perimpoya or Tambracherry river being built this season will open this important new line to Cart Traffic.

A.

4. A Bridge here is very much required. A Jain cross road leaves the high road from Calicut to Tamba cherry about the 10th Mile Stone from Calicut and crosses the river here to be bridged. At present the stream shuts out an important portion of the Calicut Taluq from the high road at a glance at the map will shew some of the land owners about, with contributes, an estimate has been called for.

D.R. No 32 A
From the 10 Mile stone on the road from Calicut to Tambracherry over the Chetta Kadavu ferry.
Bridge at Chetta Kadavu
Rs 4000

5. Rs 2500 is sanctioned in the Budget under Items 116 Part III of 66/67 on the western portion of this line. A great deal has been done by private agency on portions of it, and the plans are prepared, & spend the whole allotment on lines and specifications approved by the Department Public Works.

D.R. No 27
Chundak Pundak on Vaitiry & Pandyam road via Koorpunad & Nellialum
Rs 2500

6. Rs 3550 is entered for work on this line under Budget Items 114. This allotment is for a Culvert.

D.R. No 66
Taitala no. Kulvert & Chowkat
Rs 650

7. This allotment is for Miscellaneous new works of a petty description allowing about Rs 250 for each Taluq.

Miscellaneous work under Rs 250
Rs 2500

8. Rs 5262 was spent on this road in 1865/66 on an Estimate of Rs 7970, allotment was made of Rs 2525 for completion; but Captain Bailey now reports that he has sent in a revised Estimate amounting to Rs 14,362; and knowing the importance of the road, and in order to bring the expenditure already made into use, I have made this allotment.

Repairs
D.R. No 7
Tallipparamba to Ballia patam
Rs 1000

A

Miscellaneous
Petty works
Rs 2000

9. A sum of Rs 2500 is allowed in the Budget for expenditure under this head, but larger provision is required - Rs 2000 more is allotted.

10. There will then remain a balance of Rs 1149 regarding the disposal of which I will write shortly.

I have &c.

Malabar Collector's Office,
Calicut 25th June 1866.

No 198.

From,

T. A. Ballard Esqre
Collector of Malabar.

To,

R. A. Dalyell Esqre
Actg Secretary Bd of Revenue.

Sir,

By my letter of the 25th Instant No 196, it will be seen that a sum of Rupees 4149 remains unappropriated of the District Road Funds. I did not allot this otherwise because the Elatur bridge on the Coast road some 7 Miles north of Calicut is in a most shaky condition and I have just received an Estimate from the Superintending Engineer amounting to Rupees 7,400 for its repair.

2. Colonel Walker says, he is unable to meet the demands for the repair of these Coast road bridges unless contributions are made from the D. R. Funds. As the Tolls are carried to the credit of the D. R. Funds

Funds, the repair of the bridge is emergently required, and there are no other funds to meet the expenditure, I lay the matter before the Board in order that one-half the required sum ~~of~~ Rupees 3/00 may, if they see fit, be provided from the D.F.C. Funds available.

3. I am not unmindful of the Board's orders, but I see no other way to provide for the emergent repairs required.
