*Proceedings of the Madras Government, Public Works Department,
3rd August 1866.*

No. 48. Read the following Proceedings of the Board of Revenue, dated 29th June 1866, No. 4,443.

Read the following papers:—

Board's Proceedings, dated 19th February 1866, No. 1,158, and 5th May 1866, No. 3,170.

Letter from the Collector of Vizagapatam, to the Secretary to the Board of Revenue, dated 21st May 1866, No. 407.

1. In reply to the Board's Proceedings, No. 3,170, dated 5th May instant, requesting further explanation with reference to my letter,* No. 192, of 3rd March last, I beg to state that the local Officers were instructed that twenty years' purchase was the very outside that would be given for the lands, and that they were to agree with the owners for as much less as possible.

2. By a comparison of the totals, columns 7 and 8, it will be seen that the prices proposed in the aggregate come to a little over eighteen years' purchase.

1. Ordered that the foregoing papers be submitted to Government, with the Board's recommendation that the disbursement of Rupees 41,270-9-8, proposed by the Collector of Vizagapatam in commutation of the annual compensation due on account of the lands shown in his Statement, which is contained in the Board's Proceedings first recorded above, be sanctioned.

2. The Government in their Order, dated 1st April 1865, approved of thus disposing of the future claims of the owners of the lands in question, and the average rate of commutation, viz., a little more than eighteen years' purchase of the sist, is not, the Collector states in paragraph 2 of his letter, dated 3rd March 1866, contained in the Board's Proceedings, dated 5th May 1866, No. 3,170, more than the lands would realize if sold in the market.

3. In addition to the above a sum of Rupees 30-1-11 is payable annually to two owners of lands, who will not consent to commute this compensation by a simple payment.

Transferred to the Department Public Works.

(Signed) W. HUDLESTON,
Acting Secretary to Government.

Proceedings of the Board of Revenue, dated 19th February 1866, No. 1,158.

From the Collector of Vizagapatam, to the Secretary to the Board of Revenue, dated 24th January 1866, No. 62.

I have the honor, with reference to paragraph 2 of the Proceedings of Government, No. 712, of the 1st April last, forwarded with the Board's Proceedings of the 4th idem, No. 1,855, to submit a Statement of commutation for future years claimed by the owners of the Inám lands taken up for the cross-roads in this District, amounting to Rupees 41,270-9-8. It will be observed that all the owners, except two, have agreed to commute their annual payments. The sum payable to the latter is Rupees 30-1-11, as shown in column 6.

The difference is in roads Nos. 4 and 10, and is owing to the same having through oversight been included in items of the Vizianagaram Zemindary when the General Statements were prepared. (Signed) B. HORSBURGH,
Assistant, for Collector.

*Proceedings of the Madras Government, Public Works Department,
3rd August 1866.*

Before submitting this Statement to Government, the Board request the Collector to state on what principle the proposed commutation has been calculated.

Proceedings of the Board of Revenue, dated 5th May 1866, No. 3,170.

Read the following papers:—

Board's Proceedings, dated 19th February 1866, No. 1,158.

From the Collector of Vizagapatam, to the Secretary to the Board of Revenue, dated 3rd March 1866, No. 192.

1. In reply to the Board's Proceedings, No. 1,158, of 19th ultimo, I have the honor to inform you that the commutation entered in the Statement forwarded with my letter, dated 24th January last, No. 62, is that claimed by the owners of the lands themselves; and the amount was entered after much discussion through the local officers. The parties refuse to commute for less.
2. I am of opinion that the rates asked are not more than the lands would fetch, if sold in the market.

The Board regret that they cannot recommend Government to sanction the proposed compensation till Mr. Carmichael has furnished the information called for in the Board's Proceedings of the 19th February 1866, No. 1,158. It should be explained on what principle the local officers valued the lands. The local officers must know how the valuation was made, and on what ground they came to the conclusion that the sum claimed, viz., Rupees 41,270-9-8, represents the real value of the lands.
