*Proceedings of the Madras Government, Revenue Department,  
8th August 1866.*

No. 178. Read the following Proceedings of the Board of Revenue, dated 1st August 1866, No. 5,263:—

Read the following letter from the Collector of Cuddapah, to the Secretary to the Board of Revenue, dated 30th July 1866, No. 113.

With reference to Mr. Dalyell's letter of the 14th instant, requesting to know how much grain-food there is in the District, and where it is stored, I find great difficulty in answering the first part of the question, as the traffic is so great in grain, particularly on the Bellary side, to which District it is largely exported, but on the other side it is largely imported by the Railway. From the inquiries however I have made, I should say there was ten months' food, and the same quantity of fodder, for the Ryots always keep from one to two years in hand, and the merchants keep larger stores; but this year the poorer classes have been unable to buy food for want of being employed owing to the lateness of the rains. The places where most grain is stored is as follows:—

| <i>Talooks.</i>     | <i>Villages.</i>                                                 |
