1. In his letter, No. 15, dated 23rd ultimo, the Superintending Engineer informs me that, owing to the late date at which many of the sanctions for the execution of works from the District Road Fund were received, it was not practicable to carry them out before the end of the official year 1865-66, and there remained, therefore, from the various allotments for that year at its close, an unexpended balance of Rupees 7,982, which he proposes should be laid out, as shewn in the subjoined Statement:—

3. For the Kanigiri, Kandakuru, and Uddalapalem road to the beach, there is an allotment of Rupees 3,000 in the Budget for this year, to which, if the sum

* N. H.—This amount will complete the work as per reduced estimate.—*Vide* Board's Proceedings, No. 2,030, dated 22nd March 1866.

*Proceedings of the Madras Government, Revenue Department,

shown in the foregoing Statement is added, it is expected that the work will be completed by the end of the current year; and, under these circumstances, I have the honor to request the Board will be so good as to authorize the above set forth sum of Rupees 7,982 being placed at the credit of the Superintending Engineer from our District Road Fund for expenditure in the current year on the works specified.

4. I would, also, beg the favor of the Board's allotting a further sum of Rupees 251, for the excess expenditure on the Someswarum road incurred in 1865-66. The funds are available, but, under the circumstances explained in my letter of the 21st instant, we have exceeded the Budget sanction by 250 Rupees, and I beg the amount may be formally allotted by the Board for disbursement on the work, to admit of its being duly adjusted.

5. As the funds are available, I would also take this opportunity of so far modifying my proposals in paragraph 2 of my letter to the Board of the 25th ultimo, and request that the amount (Rupees 400), required for petty establishments for 1866-67, may be *added* to the allotments in the Budget for the works from which to be met instead of *deducted therefrom*, as before proposed. Thus modified, the Statement given in the margin of paragraph 2 of my letter just quoted, will stand as below :—

	Budget allotment for 1866-67.		Amount required to be added for petty establishments.	Allotment inclusive of petty establishments.
	Item.	Amount.		
		RS.	RS.	RS.
Kantgil, Kandukur, and Ullapalem road to the beach	45	3,600	200	3,800
Allura and Iskapalli road to the beach . . .	46	4,800	100	4,900
Improving the communication between the Krishnapatnam road and the villages, &c., north of Krishnapatnam Canal	50	1,520	100	1,620

1. The sanction of Government will be requested for the expenditure of Rupees 7,982 beyond the allotment made in the current year's Budget, that being the balance unspent out of the allotment made in 1865-66. If the amount placed at the disposal of the Public Works Department in 1865-66 was deducted in whole from the Plus and Minus Memorandum, the balance unspent should be re-credited to the District Road Fund in the current year's accounts.

2. The sum of Rupees 250, referred to in paragraph 4, should be transferred from works in the Budget, the allotment for which was not fully spent in 1865-66.

3. Adverting to paragraph 2, the Collector is informed that there is no necessity for making any addition to the Budget allotment on account of the sum required for petty establishments.
