*Proceedings of the Madras Government, Revenue Department,
16th August 1866.*

No. 409. Read the following Proceedings of the Board of Revenue, dated 13th August 1866.

Read the following letter from the Collector of Ganjam, to the Acting Secretary to the Board of Revenue, dated Russelcondah, 30th July 1866, No. 1,788:—

1. With reference to your letter of the 14th instant, I have the honor to report that at present the markets are almost entirely supplied by grain imported from other Districts.

2. A large quantity of grain in the Sub-division has already been consumed in the principal Division; the store there will, it may be presumed, be only sufficient for the use of the people in that part of the District.

3. It is believed that in the Talook of Gumsoor there is a moderate quantity of grain in store, but the people are not disposed to bring it into the market, and prices are still very high in this Talook, and its local bazaars poorly supplied.

4. It is quite impossible to judge of the quantity of food in store except by reasoning from the character of late harvests, and the quantities of grain exported in previous years, and these forbid the conclusion that any considerable amount of grain is in store.

1. Submitted for the information of Government.
2. Copy to the Relief Committee.

No. 410. ORDER THEREON, 16th August 1866, No. 2,102.

Miscellaneous.

Ordered to be recorded.
