Proceedings of the Madras Government, Revenue Department, 17th August 1866.

No. 442. Read the following Proceedings of the Board of Revenue, dated 10th August 1866, No. 5,531.

Read the following letter from the Officiating Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Point Calimere, Tritrapundi Talook, 18th July 1866, No. 180 :—

1. In their Proceedings of the 27th of June 1866, No. 4,378, the Board were pleased to approve the revised list of salt works to be executed in 1866-67 in this District. Of the projects entered therein, the four new works noted below, amounting to Rupees 4,318, have been provided from the "Reserve" and from the head "Communication." Deducting, therefore, this amount from the total of the "New Works" according to the list, viz., Rupees 8,808, there is a balance of Rupees 4,490. This, added to a further sum of Rupees 465, the amount of two other estimates noticed in the next paragraph, raises the total for "New Works" to Rupees 4,955, for which provision has to be made. The Board, in the Proceedings under reference, have approved of the mode of providing funds for "New Works" by means of the balance available from the allotment in the Imperial Budget for the repair of Civil Buildings. This allotment, as the Board are aware, amounts to Rupees 11,190, from which, deducting Rupees 5,800, the total for "Repairs" in the revised list, there is left an available asset of Rupees 5,390. It is from this amount that I now beg to request that the Board will be pleased to recommend Government to sanction the transfer of the above-mentioned sum of Rupees 4,955 to the head of "New Works." If this cannot be done, Government should be solicited to provide the sum from the "Reserve."
