No. 571. Read the following Proceedings of the Board of Revenue, dated 13th August 1866, No. 5,625.

Read the following letter from the Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Cocanada, 3rd August 1866, No. 184:—

1. With reference to your letter of 14th ultimo, No. 4,850, I have the honor to enclose, for the Board's information, a rough estimate of the quantities of food-grains prepared from materials that I have had collected from reliable sources.

2. Paddy and Jonnalū (cholum) are the chief food-grains. Raggy and other grains, which are produced in small quantities, have been almost consumed already. Cholum is being largely brought down by channels from the Kistna District.

3. The Northern Districts have been, from the beginning, furnished with supplies wholly from this province, and consequently the stores have been greatly diminished.

4. The season just at present promises well, and some of the dry food-grains, raggy, cumboo, korraloo, and dry paddy, which are consumed by the lower classes of people, will be available in October.

5. I think that there is no apprehensions of a scarcity of food in this District, if a sudden demand elsewhere does not draw away more supplies from us.

Estimate of the quantities of food-grains prepared from the materials in the Godavery District.
