*Proceedings of the Madras Government, Revenue Department,
22nd August 1866.*

No. 579. Read the following letter from the Collector of Tinnevelly, to the Secretary to Government, Revenue Department, Fort Saint George, dated Tinnevelly, 13th August 1866, No. 321 :—

1. With reference to the Order of Government, dated 1st instant, No. 1,912, enclosing letter from the Officiating Conservator of Forests, dated 18th July 1866, No. 1,887, I have the honor to inform you that the Sub-Collector in charge of the District replied on 22nd May to the former Proceedings of Government, dated 26th March, and suggested that a seigniorage of four annas per bandy load should be levied on bamboos. As, however, this is less than the Madura rates, and might not check indiscriminate felling in the Tinnevelly Forests, where bamboos are very scarce, I would prefer the rates proposed by the Acting Conservator of Forests, viz., 12 Annas a bandy load, or 1 Rupee per 100 large, and 8 Annas per 100 small, bamboos.

2. In communicating the former Proceedings of Government to the Conservator of Forests, the Board directed the Sub-Collector of Tinnevelly to apply to the Collector of South Canara for a large supply of bamboo seed. Two measures of seed have been since received, and though I have sown some of this with the greatest care in many different ways, I have not yet succeeded in getting it to germinate.

No. 580. ORDER THEREON, 22nd August 1866, No. 2,176.

Forests, No. 20.

The rates of seigniorage on bamboos sanctioned in G. O., of 5th July last, No. 1,651, will also be levied in the Wartrap and Vasadevanalur Forests of the Tinnevelly District referred to in the Conservator of Forest's letter recorded in G. O. to which the foregoing letter is a reply.
